

## **DMITRIY (VLADIMIROVICH) KAMERLOKHER**

### **Owner of the Sibeko Group**

In 2003, Kamerlokher launched his own business, which specialized in buying parts for and assembling seats. Now with a production area of 7,500 square meters (80,000 sq ft), Sibeko has expanded its operations to include seat design and production of seats for all types of vehicles: trucks, special vehicles (excavators, construction cranes), public transportation (buses, trolleybuses, trams), agricultural machinery (harvesters, tractors), railroad cars, and boats. In 2016, the company received a national Business Success award in the category of Best Export Project. Kamerlokher earned a degree in Mechanical Engineering from Ural Federal University in 1994.
