

RENÉE WINTER

**SENIOR GEOMARKET
HUMAN RESOURCE MANAGER**

PARKER DRILLING COMPANY

Renée Winter is a Senior Geomarket Human Resource Manager at Parker Drilling, responsible for Human Resources in the Arctic, North America Offshore along with Europe, Africa, and the Caspian.

As a seasoned professional with more than 15 years of human resource and labor relations experience, Renée takes pride in providing strategic advice to operational management, building effective teams, and developing a positive company culture. She believes that building strong relationships is the foundation for a successful career.

Renée earned her Degree in Human Resource Management and Labor Relations from Athabasca University in Alberta, Canada. Renee also holds a Business Management Diploma from the College of the North Atlantic in Newfoundland, Canada. Having just returned from an assignment in the Middle East, Renée now spends her time in Newfoundland with her husband and three daughters.
