

KENNETH SCHERWINSKI

President of CTRL2GO, Inc.

Mr. Kenneth Scherwinski is currently the president of CTRL2GO, Inc which is the U.S. office of a global technology company that creates digital solutions to improve management efficiency. Ken holds a BSEE and an MBA from the university of California, Irvine and started his career as an engineering draftsman in industrial and aerospace applications.

Ken has had several executive positions in business development, operations management (with his largest P&L oversight of \$150M), and engineering delivery. He has worked with many Fortune 500 companies on large and complex programs and has presented and spoken to audiences on engineering execution and digital transformation. When not traveling, he enjoys time with his family and engages in sports including running, tennis, weightlifting, racquetball, and baseball. He believes in continuous improvement and emphasizes customer satisfaction.
