

ANDREY (ADOLFOVICH) BESEDIN

President, Ural Chamber of Commerce

Since 2011, Besedin has served as the President of the Ural Chamber of Commerce and Industry. Besedin worked for many years for the Ural Chemical Engineering Plant, rising to the rank of CEO. In addition to his duties with the Chamber, he is also a member of the Sverdlovsk Oblast Union of Industrialists and Entrepreneurs and a Board Member of the Union of Sverdlovsk Oblast Machine-builders. Besedin holds an engineering degree from Ural Polytechnical University (now UrFU) and a degree in economics from the Ural State Technical University (now also part of the UrFU system).
