

Stephen F. Mawn

Director

**ASTM International,
Technical Committee
Operations**

After serving in the US Air Force, Steve joined ASTM International in 1989 as a Manager in the Technical Committee Operations Division.

Steve has managed various technical standards development committees since joining ASTM including many in the built environment such as E06 on Performance of Building, F06 on Resilient Floor Coverings, C24 on Building Seals and Sealants, and E33 on Building and Environmental Acoustics.

Now a Director, in addition to managing several staff, Steve is the ASTM staff liaison to the International Code Council's Building Codes (ICC) and has served on the ICC Reference Standards Committee. He has also served as the Vice Chairman of the National Institute of Building Science's High-Performance Building Council and as the Manager to the ASTM Built Environment Advisory Committee (BEAC).

A graduate of the University of Central Florida holding a degree in Marketing/Business, Steve also obtained a Master's Degree in Human Resource Management from Houston Baptist University.
