

Andrew A. Pidgirsky

Lewis Brisbois, Partner

Andrew A. Pidgirsky is a partner in the Houston, Dallas and New York offices of Lewis Brisbois and is a vice-chair of the Corporate Practice. Andrew has been practicing law since 1990 and has extensive experience in the areas of energy, transactions, finance, technology and international law. His clients include public corporations, international companies and start-up enterprises. Andrew has represented United States companies on legal matters in over 50 foreign jurisdictions. Andrew is a frequent lecturer and author, and is an active member of several industry associations.

Andrew has counseled clients in the following areas:

Mergers and Acquisitions / Corporate / Finance

- United States and cross border mergers, acquisitions, and dispositions.
- Outside general counsel to several United States and foreign companies.
- Represented lenders and borrowers in financing transactions (including swaps and derivatives).

International

- Assisted companies with cross-border transactions, privatizations, joint-ventures, exploration, development and production of hydrocarbons, sales, marketing, services, distribution, global project development, finance and investment, and international trade issues.
- Drafted and negotiated joint operating, production sharing, transportation, management, service, distribution, construction, storage, supply, and sales agreements.
- Represented lenders and borrowers in cross-border financing transactions, including project, investment, trade and EX-IM Bank financing.

Securities

- Represented United States and foreign issuers in connection with their initial and secondary public offerings, private placements, SEC disclosure, Sarbanes-Oxley matters, Dodd-Frank issues, reporting and compliance.

Compliance

- Assisted companies with foreign investment compliance, OFAC, CFIUS, export/import regulations, risk management and FCPA, and anti-trust investigations.

Technology

- Negotiated and drafted complex intellectual property, telecommunications and technology agreements.
