Come out and Play! It's Fun and Healthy!

Tennis is a great way for kids and adults to become healthy and physically fit. Tennis provides a great cardiovascular workout. On-court movements also help develop balance, agility and coordination. Mental focus is sharpened because decision-making and concentration are necessary every time a ball is hit.

This program, provided by **Fairfield County Tennis**, offers an introduction to tennis in a fun environment. The forehand, backhand and volley will be covered along with a variety of fun games to reinforce strokes.

USTA 10-and-under teaching methods will be used along with junior nets and special Quick start tennis balls. Quick Start Balls move slower through the air, bounce lower and travel less distance giving children more time to get to and return shots. For more information on Quick Start Tennis play format, please visit

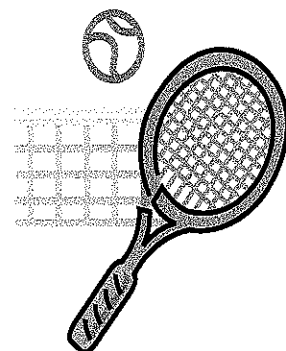

www.10andUnderTennis.com.

Bring own racquet or racquets will be provided.

FCT Pros will have racquets for sale at each location starting at \$30.

The Pro will fit your child with the correct size.
