OPERATION STREET SMART

Cuyahoga Falls Natatorium
2345 Fourth St, Cuyahoga Falls, OH 44221

Operation Street Smart provides current and up-to-date narcotics information on trends, terminology, paraphernalia, concealment techniques, and physiological effects to those individuals who deal with today's youth on a daily basis.

The Street Smart presentation is conducted by former undercover detectives, **Capt. Shawn Bain (Ret.)** and **Sgt. Michael Powell (Ret.)** from the Franklin County, Ohio Sheriff's Office - Special Investigations Unit, who possess over fifty years of combined narcotics experience. This program includes actual examples of current designer street drugs such as XTC, Bath Salts, Huffing, LSD, GHB, K2/Spice, and Khat. Current drug paraphernalia examples are available to depict the ease in camouflaging drug use from adults. A strong emphasis is placed on the physiological effects of the drugs and indicators.

The target audience for street smart includes DARE and school resource officers, juvenile detectives, school administrators and school board members, teachers, and parents. Past attendees also include physicians, school nurses, juvenile prosecutors, juvenile probation officers, and children services employees.

This training has been approved for 4.0 hours of continuing education for RN, LPN, Social Work, Counseling, Chemical Dependency and Psychology.

Registration is free. Seats are limited. To complete the required registration: <https://adm-oss.eventbrite.com>
