

## COVID-19 Protocols

We look forward to a fun-filled and safe day. To this end, we are asking that all participants wear masks and keep social distance. Please note these specific measures:

- Wear a mask at all times unless you are taking a shot or eating.
- Only one player at a time may occupy the tee box.
- Players should maintain at least six feet of separation from each other on the fairways and on the greens.
- Please do not remove flag sticks from the hole.
- Golf carts are sanitized between uses and barriers will be installed between the driver and passenger seats to reduce the risk of exposure, except for riders from the same household.
- Lunch will be held outdoors.
- Individual hand sanitizer will be provided to each player.
