

BDS Suspension Warranty Policy

Updated February 1, 2020

BDS No-Fine-Print Warranty:

If you are the original purchaser of any BDS produced product and it breaks, we will give you a new part. Period.

BDS stands behind its products and that's evident by their No Fine Print Warranty. This no-BS warranty protects the original purchaser against breakage, bending, sagging, or any other usage failure. This "no fine print" lifetime replacement warranty extends to cover all BDS hard parts as well as bushings. Exclusions would be product finish and wearable items such as shock/stabilizer cylinders, tie rod ends and ball joints that would fall under the separate Limited Lifetime Warranty policy. Beginning February 1, 2020 all new kit purchases include the No Fine Print Warranty on bushings.

Limited Lifetime Warranty (for wearable items)

Wearable items include shock/steering stabilizer cylinders, ball joints and tie rod ends.

BDS Suspension Co. warrants to the original retail purchaser that its these wearable parts are free from defects in material and workmanship for so long as they own the vehicle. Excluded from this warranty are the finish of the product. Defects in material and workmanship do not include such things as dented cylinders or bent rods caused by obvious side impact, rust or corrosion. A shock absorber is a wear item and over time will experience diminished damping resistance due to normal component wear. This is not a defect in material or workmanship and is therefore not warrantable.

- **BDS NX2 Series Shocks** - Shock oil seals are subject to wear over time, and use. Therefore are not covered under warranty. However leaking shock seals less than 2 years from date of purchase, free from contamination, damage, or abnormal seal wear due to misuse can be considered for Warranty.
- **FOX Performance Series Shocks and FOX 2.5 Coil Overs** - Shock oil seals are subject to wear over time, and use. Therefore are not covered under warranty. However leaking shock seals less than 1 year from date of purchase, free from contamination, damage, or abnormal seal wear due to misuse can be considered for Warranty. FOX service information can be found here: <https://www.ridefox.com/service.php?m=truck>
- **Ball Joints and Tie Rod Ends** – These items are subject to normal wear over time. However, Ball Joints and Tie Rod ends less than 3 years from the date of purchase, that have been properly greased, maintained, and do not show signs of abnormal use can be considered for warranty.

BDS Suspension's obligation under all warranties is limited to the repair or replacement, at BDS's option, of the defective material. Any cost of removal, installation or reinstallation, freight charges, incidental or consequential damages are expressly excluded from these warranties. Proof of purchase is required for all warranty claims.
