

## Exit Questionnaire for 5-Day Advanced Students

Name: Jenna

5-Day Advanced Location: Watsonville, CA Feb 15-19, 2021

1. What have you personally found most helpful?

The sheer number of horses to practice on, ~~which~~ which is only possible because we're here for five whole days. Sandy's coaching style and level of support was excellent and worked very well for me.

\* And working one-on-one with the horses was helpful since it gave me time to process, myself.

2. What improvements do you suggest we make?

Add hours to the day; 24 isn't enough.

But seriously... nothing comes to mind at the moment—if I think of anything, I'll reach out.

3. If you were to recommend this course, what would you say? (May we quote you?)

WOW! this week was an INCREDIBLE experience and I'm just about as full of inspiration as I think I could get! I'm going to have to pace myself when I get home since it's much colder, but I'm hoping to start field work this spring when it warms up. I can't say enough about the attention to detail and the attention in general in the MM courses—the instructors so obviously care deeply about their work and about their students and their ~~experience~~ experience.

Thank you!

and about their students and their ~~experience~~ experience  
Thank you! you!

**Subject:** Passing along a compliment

Hello ladies,

I wanted to pass on a compliment I received via email today from the host of my upcoming weekend seminar. From Moriah from DeWitt MI:

“I also wanted to tell you how impressed I am with the organization of the Masterson method group. I have assisted in organizing many clinics in the past. This, has been one of the most put together groups that I have worked with. I really appreciate that. “

So thank you to all involved who have made this a seamless process for this first-time host barn. I am planning on a hugely successful weekend on March 27/28<sup>th</sup>. Hopefully we will be asked back again in the future!

And one more heartfelt thank you for all you do for all of us out in the field!

Best wishes (and happy spring, almost!)
