(Communications)

IB Asia Pacific
Development and
Recognition Managers

Emma Carter
Administrator
IB Educator Certificates

Global Recognition Progress

- We are developing a suite of four newsletters which will be sent on a termly basis. These three have launched this month.

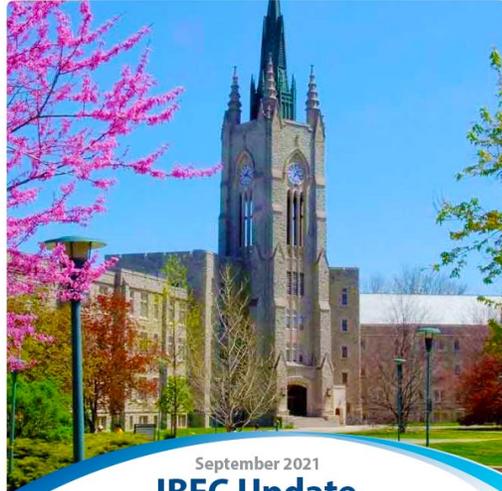

September 2021

University admissions officers newsletter

Welcome to the first edition of this newsletter which you are receiving because you have a MyIB account associated to a MyInstitute account. The following information is meant to keep you up to date on the latest changes and research that may affect your admissions work.

2022 Subject changes

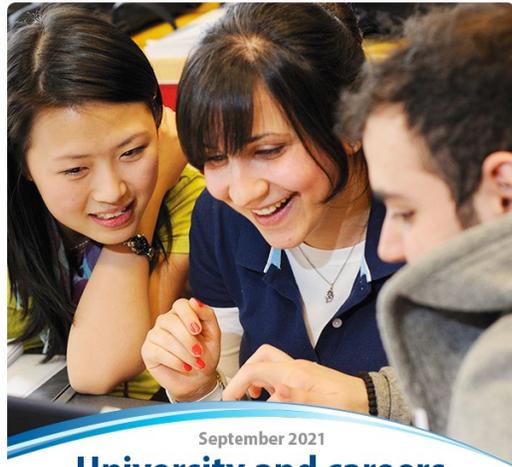

September 2021

IBEC Update

[Lire en Français](#) [Leer en Español](#)

We are pleased to share this update with you in a brand-new format and in the official IB languages (English, Spanish and French). As you can see, the top of the newsletter contains an area for photography. We would love to fill that space with a photo of your university! If you would like to offer a photo, please send it and permission for its use, to gaby.carvajalpoisson@ibo.org or reach out to her with any questions.

Welcoming a new team member

September 2021

University and careers counsellor newsletter

Welcome to the first edition of this newsletters, which you are receiving because you are registered on IB's MyIB as a University and Careers Counsellor (UCC) at your IB School. The newsletters, published three times a year, contain the latest updates on new research, upcoming subject curriculum updates, government and university recognition of the IB, and professional development (PD) opportunities, along with any important information you need to support your students.

2022 Subject changes

Associations of IB World Schools Newsletter

The AIBWS newsletter will be published twice a year and will:

- share best practice
- encourage Associations to collaborate and network
- celebrate this important part of the IB community

We are seeking contributions about:

- an event which you have held
- progress and successes within your association
- innovations and best practice in your association
- anything else you would like other associations to know

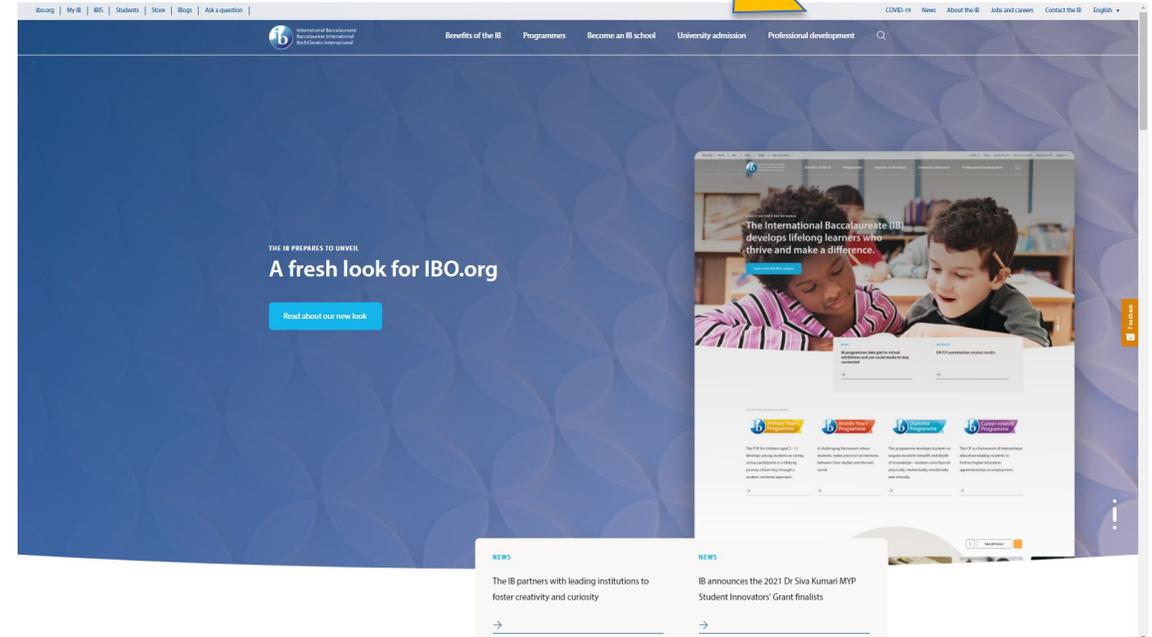

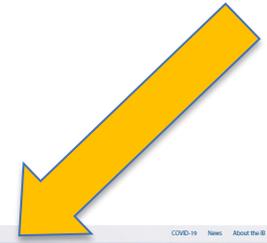

Please send 400-500 words and a photo (if possible) to newsletter editor Gaby Carvajal-Poisson at aibws@ibo.org. Gaby will follow up in the next few months to collect submissions. Thank you in advance for your contributions!

Meet Gaby Carvajal-Poisson, IB global recognition associate manager and AIBWS newsletter editor

IBO Website

- Communications team have developed a fresh new look to the overall website
- Global Recognition have rewritten and refocused all of the pages in the University Admissions section
- Pages focused on
 - Students and Parents
 - UCCs, schools and associations
 - Universities
 - Governments
- Greater focus on MYP, CP and DP Courses
- Plan for 2022 to review our recognition publications

University Advisory Groups

- We are in the process of setting up five of these groups, building on the success of CURC.
 - North America (CURC)
 - Africa, Middle East
 - Europe
 - Asia Pacific
 - Latin America
- Each group will have representation from around **ten** different countries, which receive the largest number of transcripts from IB students. A senior university admissions figure respected in their country, from a leading university will be the representative.
- Opportunity for two-way dialogue so that we gain intelligence on changes in the sector.
- Next meeting in October, then every six months

Country Recognition Success Stories

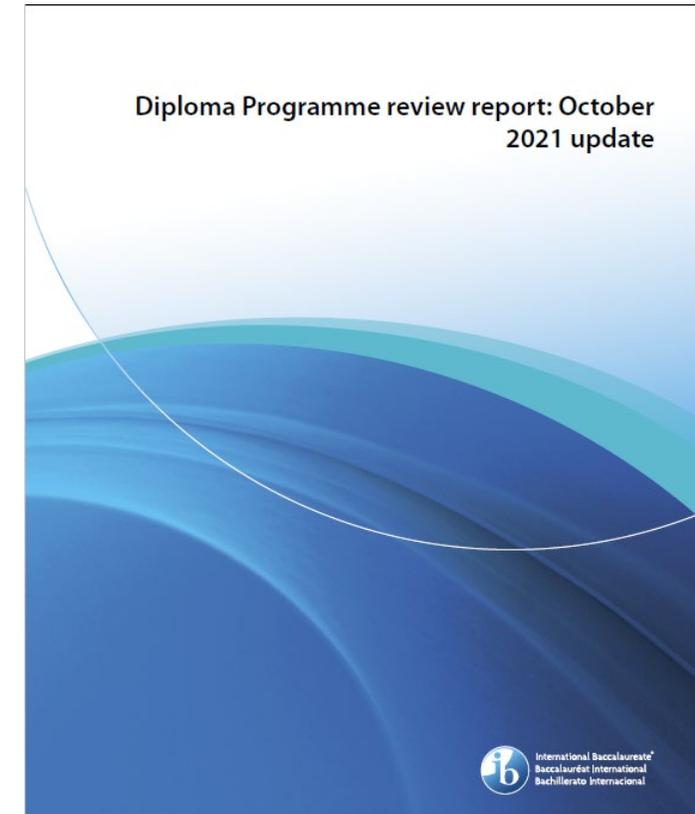

- Maintained the recognition of the M20, N20 and M21 sessions with universities and governments, including managing relationship with Ofqual(UK) and KMK (Germany)
- Solution in place for students to study Maths vectors for recognition in Germany
- IB CP is now recognized in Pakistan, India and Malaysia
- Ateneo de Manila University – providing credit for DP courses
- DP Courses are recognized in Qatar and improved DP recognition
- IB recognized in Zambia and Ethiopia
- Recognition statement from the Ukrainian government

Country Recognition Success Stories (2)

- Agreement with Ministry of Education in Panama to start DP at several public schools
- Agreement with Virginia Dept of Education to accept IB sciences as advanced coursework for the state STEM Diploma
- Agreement with the Nevada Dept of Education to create a competitive grant process to increase number of IB programs in state – plan to at least triple the number of programs over the next five years
- Research : Comparing BTEC and IBCP students in UK context – reports favourably
- Research : Comparing GCSE and MYP grades completed
- Continuing to manage the relationship with Ofqual (UK), VRQA (Aus) and KMK (Ger), as well as dialogue with many other ministries at country, state and district level.

DP Review – engaging Associations

- Update will be sent to schools and associations next week
- Report will be on the PRC
- Register for webinar in November (link in email)
- More details on how we wish to engage Associations in the process in the coming months

Annual Data Update Task

- Around 40 Associations have completed and submitted already.
- There's about 10 still to be received.

- Please send in your update to aibws@ibo.org if you've not already done so.

Assessment Reminder

• November 2021

- Dual route : 80% of schools on exam route, but only around 66% of students
- Adapted Assessment Model

• May 2022

- Adapted Assessment Model
- Dual route confirmed
- Grade distribution half-way between 2019 and 2021

• November 2022

- Adapted Assessment Model
- Dual route not confirmed

• Beyond

- Return to standard assessment model
- Continued support for schools
- Dual route not confirmed

We are working with universities and governments to keep them abreast of these developments to ensure that recognition is maintained.

Any questions?
