

STACIE THOMPSON

I am a Wichita native, born, raised and lived here all my life. I was introduced to the blues music back in the mid 1990's and it became my favorite genre of music.

I have always done what I could to support local live music in Wichita, not only as a spectator and a fan but I have also had my hand in booking/managing and promoting blues bands for many years. One of those bands won the Wichita Blues Society Blues Challenge in the early 2000's and represented WBS at the International Blues Challenge in Memphis, two years in a row.

I served on the board of directors of the Musicians Relief Fund for a couple years before it became the Pat Fund. Through the MRF I gained experience in promoting and organizing many fund-raising events/concerts as well as being treasurer.

I am committed to contribute all I can to keep the blues alive in Wichita as a new board member of the Wichita Blues Society.
