

Letter Head of School

Dear SCCS families,

I am simply amazed how time and time again SCCS families answer the call! Last week, I asked a few families to help make bake goods for a "love thy neighbor" campaign. More than 31 dozen cookies, brownies, and chocolate balls were donated towards the effort, and our wonderful teachers and students created some truly heartfelt thank you notes to go along with these treats. We created 15 gift bags. A handful of students and myself went door to door in our neighborhood to bless the homes closest to our school. Our neighbors were receptive and appreciative. Thanks to all that helped contribute to this effort of showing the love of Jesus to our surrounding community.

A call went out to help set up our playground. Again, we had several people step up to help. Our students have already begun enjoying the fruits of the labor of these volunteers. This was truly a labor of love, as it was very hard work. Thank you to all who gave of their weekend to make this happen. You have truly blessed our students.

God is doing some amazing things in our school community. Seeing SCCS families step up like they do to meet needs makes me proud to be a SCCS Lion!

Todd Zimmerman
