

## What's On Your Horizon?

Bringing real-world virtual reality career experiences to the classroom  
Providing access to career exploration from any device  
Engaging students in meaningful career exploration conversations

### CareerViewXR Experiences are flexible for your instructional needs!

- **Work Environments (2-5 minutes):**  
A single 360 scene giving students a taste of an actual job-site.
- **Field Trips (5-20 minutes):**  
An immersive virtual journey through unique facilities in high demand industries.
- **Job Shadows (5-40 minutes):**  
An interactive "day in the life" experience following a professional through the course of their day.

### CareerViewXR Pilot Project Begins August 2021!

CareerViewXR is available free of charge to all ND CTE counselors and instructors for the 2021-2022 school year!

#### Become a part of our pilot project to help us:

- Bring our existing library of 13 trades and healthcare careers into the classroom.
- Refine our experiences to meet your career exploration needs.
- Guide expansion of the CVXR content library to highlight your specific local/regional opportunities.
- Expand adoption of immersive digital career exploration across North Dakota.
