

## Paraeducator and Tutor Online Training

# Instructional Support: Reading and Writing

This virtual training is designed to support North Dakota schools' paraeducators and tutors for instructional practices to increase K-12 students' learning outcomes.

Participants will complete modules prior to engaging in two synchronous, virtual connections in which they will collaborate with others to:

- Synthesize their learning
- Ask questions
- Provide insight into their work
- Practice their new learning and skills in a safe and inclusive setting

*Participants will have free access to all courses from The Master Teacher for one year.*

In partnership with:

## Join us!
