

SEEDS OF LEARNING

IMPLEMENTATION TRAINING

SEEDS of Learning Implementation Training is a regularly meeting professional development model that supports teachers through training, coaching and materials to implement **SEEDS Early Learning for 3-5-Year-Olds**. Adults learn to create and support a safe, belonging, rich learning environment of SEEDS quality interactions with children.

The mission of SEEDS is to make sure every child can read fluently by third grade.

SEEDS OF LEARNING: ABOUT THE MODEL

SEEDS provides a framework to address the **5 Big Early Literacy predictors** and the **5 Big Early Math Ideas** while using **SEEDS Quality Interactions**.

An instructional hierarchy is used to match interventions to student learning stages.

S - Sensitivity
E - Encouragement
E - Education
D - Development of Skills
S - Self-Image Support
