This month, we will be joining Life Science Cares in their Thanksgiving Drive for Food For Free.

Life Science Cares is a collective industry effort to fight poverty in Greater Boston. Working with hundreds of life science companies and their employees, LSC connects the industry's time, talent and treasure to community partners making an impact on poverty. To date, Life Science Cares has granted \$1,000,000, collected \$250,000 in goods, and organized 8,000 volunteer hours for their nonprofit partners.

All of the donations from this drive will go to the Food For Free Backpack Program, which sends a weekend's worth of breakfast, lunch, and snacks to children on the free and reduced lunch program during the week. These donations are especially important around Thanksgiving as parents often struggle to provide food over long breaks from school.

We are so excited to be a part of Life Science Cares collective impact, and have set a goal of collecting \_\_\_\_\_. Please see details below if you would like to help out!

When: \_\_\_\_\_

What can you donate?
