

# LIFE SCIENCE CARES

Running now - August 16th

# BACK TO SCHOOL DRIVE

## **SUPPORT LOCAL STUDENTS FROM THE LEAH PROJECT!**

Last year, Life Science Cares Back to School Drive collected over \$10,000 in school supplies, impacting hundreds of local students and teachers in Greater Boston. With your help, this year we hope to impact even more students through our partners at The LEAH Project.

### **What is The LEAH Project?**

*The LEAH Project is a STEM, college readiness, and workforce development program for low-income Boston Public Schools high school students of color. LEAH's mission is to cultivate the power of youth to transform their lives and communities through science, education, and service.*
