

**Ciudad Juarez, Chih
January 20, 2021**

**Cheryl and Jack Ferrell
Placitas, New Mexico Community**

I hereby send you a cordial greeting and thank you on behalf of the families who come to the Children's Dining Room, "Who Will Love The Children," for the donation that your community made in food, wipes, diapers and stuffed animals at the beginning of 2021. I take this opportunity to wish you all the best this year, especially health and peace of mind.

Our dining room is located in a disadvantaged area of Ciudad Juarez. We not only offer food to children, we are also the center of attention as we are located to the west of the city in the La Campesina neighborhood. Despite the pandemic, we have continued to serve this community and the Colonia Horizontes del Sur. We serve approximately 120 children and 30 mothers, most of them single mothers and elderly women. We usually give them food after the children leave school, but from the contingency we give them groceries whenever we can.

We have been serving families for twenty years, subsisting on the donation of food, clothing, footwear and materials through people like you who send us this fundamental help. On our Facebook page "I want to help the children of Juarez and make a difference" you can see the different activities we carry out with the donations we receive and the work of the people who support us voluntarily.

I hope you are well, I say goodbye but not before thanking you again for your donation. I am available to you for any questions or further information.

Attentively,

**T.S. Ma. Dolores Prieto Osorio
Founding Director of the Children's Dining Room "Quien amara a los ninos"
