Hosted by the New York State Association of County Health Officials and co-provided by the New York State Department of Health, Bureau of Immunization and the University at Albany School of Public Health.

Funding for this meeting was made possible (in part) by the Centers for Disease Control and Prevention. The views expressed in written meeting materials or publications and by speakers and moderators do not necessarily reflect the official policies of the U.S. Department of Health and Human Services, nor does the mention of trade names, commercial practices or organizations imply endorsement by the U.S. government.

Meeting Objectives

1. Attendees will describe strategies to implement the Standards for Adult Immunization Practice.
2. Attendees will describe the benefits of utilizing the New York State Immunization Information System (NYSIIS) for your practice and your patients.
3. Attendees will be able to describe recommended vaccinations according to the ACIP adult immunization schedule.
4. Attendees will be able to identify indications, contraindications, and precautions to vaccination.
5. Attendees will be able to describe the benefits of using NYSIIS with adult patients.
6. Attendees will be able to describe strategies for measles control measures and for enforcement of DOH mandates for immunizations.
7. Attendees will describe at least 1 adult immunization related QPP Quality measure and promoting interoperability measures.
8. Attendees will describe at least 1 strategy for encouraging clinicians to report applicable QPP measures to NYSIIS.
9. Participants will be able to discuss some of the challenges faced by a person living with Hepatitis B.
10. Participants will recognize the importance of the Hepatitis B vaccination.
