

# PERSONAL PROTECTIVE EQUIPMENT

NOW AVAILABLE FOR PURCHASE

## Disposable Face Mask

- 3 ply pleated construction
- Elastic ear loops & shapeable nose wire
- 50 masks/box

## Reusable/Washable Face Mask

- High thread count micro woven polyester
- Two piece double ply design with elastic ear loops
- Made in North America
- Double sided: Black & White

## KN95 Face Mask

- Health Canada acceptable N95 alternative
- Elastic ear loops & shapeable nose wire
- 20 masks/box

## Ear Savers

- Improves the fit & comfort of disposable and KN95 masks for long-term wear
- Flexible plastic construction and hooks allow for personal adjustment

## Hand Sanitizer

- 70% Alcohol gel formulation
- Fragrance free/hypo-allergenic
- 120ml squeeze, 500ml pump bottle & 3.78L jug
- Hand pump available For 3.78L jug

## Nitrile Gloves

- Latex & powder free
- Outstanding strength, wear & dexterity
- Micro textured for enhanced grip
- Sizes available: S/M/L/XL
- 50 pairs/box
- Black or Blue depending on supply chain

Please contact the Expendables department of your local Whites facility if you require additional information or to place an order.

We are committed to stocking the best available products, however, due to global supply and demand constraints, products available at each of our facilities may vary. Our teams will do our best to accommodate your needs.

# PERSONAL PROTECTIVE EQUIPMENT

NOW AVAILABLE FOR PURCHASE

## Safety Glasses

- Single piece, anti-scratch, curved lens
- Built-in side impact protection & molded nose piece
- 99.9% UV protection
- 12 glasses/box

## Disposable Face Shields

- Lightweight, clear, anti-fog shield
- Soft foam forehead pad for comfort
- Adjustable elastic head band
- Sold individually

## Disposable Shoe Covers

- Polypropylene fabric with a slip-resistant sole
- Fits Men's size 6-11 / Women's size 8-13
- 50 pairs/box

## Industrial Wipers

- Convenient pop-up dispenser box
- To be used with an approved disinfectant
- 100 – 8.5" x 16" sheets/box

## Spray Nine Cleaner

- Heavy duty cleaning/degreasing/disinfecting
- EPA & Health Canada approved disinfectant
- 650ml trigger spray bottle

Please contact the Expendables department of your local Whites facility if you require additional information or to place an order.

We are committed to stocking the best available products, however, due to global supply and demand constraints, products available at each of our facilities may vary. Our teams will do our best to accommodate your needs.

# PERSONAL PROTECTIVE EQUIPMENT

NOW AVAILABLE FOR PURCHASE

## Vital Oxide Disinfectant - 3.78 L Jug

- Health Canada & EPA registered hospital disinfectant
- Safe on treated surfaces: fabric, furniture, carpet, stone, plastic
- Sanitizes food contact surfaces up to 99.9%
- 100% biodegradable
- Health Canada DIN 02422654

## Disposable Coveralls

- Dupont Proshield material
- Front zipper closure
- Attached hood with elastic wrists & ankles
- Secondary flame resistant
- Sizes available: Varies based on supply chain

## Hand Soap - Small

- Foaming formula with a light, fresh scent
- Ideal for sensitive skin
- 950ml pump bottle

## Hand Soap - Large

- Mild formulation is ideal for sensitive skin
- Biodegradable
- 4L jug

## Jug Pump

- Allows for easy dispensing of sanitizer or soap
- Dispenses 1oz / stroke
- Fits 3.78L & 4L bottles

Please contact the Expendables department of your local Whites facility if you require additional information or to place an order. We are committed to stocking the best available products, however, due to global supply and demand constraints, products available at each of our facilities may vary. Our teams will do our best to accommodate your needs.

# PORTABLE HAND WASH STATION

CV STUDIO

## FEATURES

- Stainless steel construction
- Lockable access door
- 120 V water pump & 2 gallon hot water tank
- 1 x 20 litre / 5 gallon removable fresh water tank
- 1 x 30 litre / 7.5 gallon removable waste water tank
- Backsplash with automatic hands-free soap and paper towel dispensers (not shown)
- 12' power cord - plugs into standard wall outlet
- Foot-operated water pump switch for hands-free operation
- Smooth-rolling casters for easy movement
- City water and drain hookups
- NSF / CSA / UL approved

## SPECIFICATIONS

- **Sink dimensions:** 14" L x 12" W x 6" D
- **Cabinet dimensions:** 24" W x 25" D x 38" H
- **Weight:** 140 lbs Empty / 185 lbs Full

Please contact our LES teams in Vancouver or Toronto if you require additional information or to place an order. Limited quantities are currently available due to global supply and demand constraints; our teams will do our best to accommodate your needs.

# PORTABLE HAND WASH STATION

BRAVO

## FEATURES

- Rugged polyethylene plastic construction with sleek, modern styling
- Completely free-standing and self-contained
- Double-sided usability with 2 sinks
- 2 integrated manual soap and 4 manual paper towel dispensers
- Warm water available when plugged into a 120 V / 15A circuit
- Foot-operated manual water pump for hands-free operation
- Visual water level indicators
- Built-in handles allow for easy movement
- Approximately 300 uses without refilling
- 1 x 83 litre / 22 gallon fresh water tank
- 1 x 91 litre / 24 gallon waste water tank
- ETL approved

## SPECIFICATIONS

- **Dimensions:** 62" H x 26" W x 21" D
- **Weight:** 70 lbs Empty / 250 lbs Full

# PREDATOR® 750 CFM

## PORTABLE AIR SCRUBBER

## FEATURES

- Variable speed airflow, with maximum rated airflow as high as 750 CFM
- Ultra-compact, light-weight cabinetry, integral ergonomic lift handle and perfect weight balance
- Easy to clean polymer cabinet treated with microbial growth & UV inhibitors
- “Zero Bypass” cabinet design
- Easy access for fast pre-filter and HEPA filter replacement

## SPECIFICATIONS

- **Net Weight with Filters:** 35 lbs
- **Shipping Weight:** 43 lbs
- **Dimensions:** 25.5 "L x 19.5" W x 20.5" H
- **Normal Operating Amps:** 1.9 A or less (Daisy-chain up to five units on one 15 A circuit)
- **Motorized Impeller** with thermal overload protection, auto reset, 60 Hz, single phase
- **Circuit Breaker:** 12 Amps

- **GFCI Protected Receptacles:** Dual receptacles allow for daisy-chaining multiple units on a 15 or 20 A circuit)
- **Power Cord:** 25 ft grounded power cord with cord wrap clip
- **Cabinet Material:** UL94HB flame retardant resin with EPA-Registered microbial inhibitor and UV inhibitor

**NOTE:** Airflow ratings-estimates are based on factory and independent testing @ 120 VAC with an air straightener and a traverse of readings taken with a computing vane-anemometer. Actual results may vary for various reasons, including motor tolerance. Factors such as reduced voltage to the motor will reduce airflow. Use these ratings as a general guideline only. Specifications and details are subject to change without further notice.

# HEPA 2000

## PORTABLE AIR SCRUBBER

The AIRREX HSC-HEPA 2000 is a high efficiency particulate air filter that can remove at least 99.97% of airborne particles 0.3 micrometers in diameter. Particles of this size are the most difficult to filter and thus are the most penetrating particle size. Particles that are larger or smaller are filtered with even higher efficiency.

HEPA filters are the most effective air filtration filters to remove contaminants from the air.

## FEATURES

- 3-Stage filtration-prefilter to capture larger particulates
- Secondary filter to capture smaller particulates
- HEPA filter to capture microscopic particulates
- Outdoor and indoor use
- Control panel features pressure gauge, pressure sensoring port, circuit breaker and high-off-low switch

## SPECIFICATIONS

- **Voltage:** 115 V / 60Hz
- **AirFlow (High):** 1,950 CFM
- **AirFlow (Low):** 1,410 CFM
- **Dimensions:** 28.5" W x 30" D x 30" H
- **Power Consumption (High):** 1.25 kW
- **Power Consumption (Low):** 1.06 kW
- **Weight:** 132 lbs

# SAM 400<sup>®</sup>

## PORTABLE AIR DISINFECTION DEVICE

In minutes, the SAM 400<sup>®</sup> uses a patented UV-C technology, processing large amounts of fast-moving air (400 CFM) to kill pathogens, reduce particulates, and remove odour and VOCs in a standard 10' x 10' x 8' (800 cubic feet) room.

## BENEFITS

- Tested under strict EPA guidelines - provides certified whole-room air disinfection in minutes
- Reduces airborne particulates by 99.97%
- Helps reduce HAIs with a verified **99.9995%** UV-C airborne pathogen killing rate for viruses - eliminating bacteria, mold, odour and VOCs
- Quiet 24/7 UV-C air scrubbing - 100% safe

## FEATURES

- High-Volume 400 CFM fan operation performs complete air change within 2-10 minutes in a typical room size of 10' x 10' x 8' (800 cubic feet)
- High-capacity SAM HEPA<sup>®</sup> pre-filter cartridge captures particulates down to 0.3 microns
- Large-volume UV-C induction chamber for full process of pathogen-laden air, killing germs less than 0.3 microns in size
- 360-degree total air intake system creates a quiet, undetectable whole-room air induction vortex
- Patented carbon substrate for complete odour and VOC removal
- Easy rolling casters with locking wheels
- Zero ozone production
- Creates zero airflow disturbance, no temperature or humidity variations, and no negative or positive air pressure interference
- 110-120 voltage standard outlet with the same power requirements as a typical residential ceiling fan.
- On-Board Digital Reporting
- HEPA<sup>®</sup> Filter / Air Flow integrity metering
- UC-V Light integrity / intensity metering
- Carbon Final Filtration metering
- Pathogen and Particulate Air Volume process metering
- Filter replacements available with simple and economical annual self-service
- **Dimensions:** 62lbs - 22" W x 37" H
