

WINDJAMMERS UNLIMITED, INC.
THE CIRCUS MUSIC HISTORICAL SOCIETY™
Preservation • Education • Performance

You are invited to enjoy a morning of playing circus music at the
National Windjammers Summer Convention
on July 19th in Gainesville, GA 9 am–12 noon

Windjammers??? Circus marches are called "screamers" because they are traditionally so high, loud & fast!! **Circus Band members** are often called "**windjammers**" because they jam so much wind into their instruments in the process of playing these screamers. Playing the **circus** requires incredible endurance & skills on your instrument.

Band Directors – Come join us and play original circus scores with our members, who are musicians from around the country that have traveled to Gainesville for this national event! Perhaps you'll discover some "new historic" music to program for your concerts!

Students who enjoy sight reading – try this fun introduction to fast-paced circus music!

AND Anyone who wants to sit in with the band **-OR-** sit in the audience to listen and learn about circus music ... come along and join us that morning!

Be sure to **register by July 1st** so that we have chairs available and music printed for you. Bring your instrument, a music stand, and your appetite for fun music! You'll receive more details from us via the email address you provide at registration. The link to register is below!

Come Join Us! FREE !
Saturday morning, July 19, 2025 from 8:30 am – 12noon
(downbeat is promptly at 9 am)
Indoors in downtown Gainesville, GA
