

Room 8

February Newsletter

We have gotten off to a great start for the new year. The children in room eight have shown a real interest in Winter so we have been focusing on our winter project. They have been enjoying all the fun activities we have been doing. They have especially enjoyed the light table and making their own snowman. In February we will be starting a new project. We will be focusing on our feet. We will be learning about what we wear on our feet, what we do with our feet, and how different our feet are from one another. We will be doing a lot of fun activities with this project. If you have any empty shoe boxes you are not using we would be happy to take them..

Friendly Reminders

- The weather has been full of surprises . As long as the temperature cooperates we will be trying to go outside everyday. (Even if it's for ten minuets.) We ask that your child has weather appropriate clothing.
- With flu season still upon us we want to remind parents to wash your child's hands upon arrival in order to limit the colds as much as possible.
- Please label everything your child brings from home to ensure that it returns back to your child as well.
- SNL February 11th at KK1 FROM 4:30-10:00 P.M.
