Room 5 Newsletter

Who are the people in your neighborhood

Room 5 is having a wonderful time learning about the people that help in our community. In the month of March we learned all about Firemen, Police Officers and Chefs. Throughout our project we have had visitors come and talk to us about how they help the community and what we can do to make sure we are helping too. The month of April we will be learning about, Postal Workers, The Garbage Man and Doctors. We will also be celebrating Earth Day and preparing the garden plots to start planting in May. Room 5 received so much support from their cookie sale that we are able to have a garden for both the preschool and toddler classes. Thank-you!!

SNL: April 8th
KK2 5-10 p.m.
