We are currently looking for volunteer translators to help translate the legal content of our recently transformed website www.IllinoisLegalAid.org from English into Spanish. Our current websites get over 2 million visitors every year and these translations will greatly benefit the Latino population across Illinois.

Volunteers can participate from any computer with internet access. Prior legal knowledge or experience is not required, and volunteers will receive training, supervision, and support from Illinois Legal Aid Online. Volunteer Translators will translate content from English to Spanish which, after review, will be posted on our website and will be accessed by the public. Volunteers interested in this program will be expected to translate a total of 20,000 words, averaging about two translations per month.
