

Message from the Chamber President

The Chamber has been serving this community since 1922 and has evolved as a key business resource in our community. A year ago, today, when I walked in, I had a mission. A mission to understand our members and to create an inspirational vision and an effective strategy, in support of our member's needs. 2018 was a year of clarifying our mission and developing action plans to achieve our goals while creating a roadmap for 2019. Now that 2019 is here, the chamber is all about focused execution and putting our vision, strategy and action plans in motion for 2019. My team and I are very excited and motivated to continue this journey throughout the year.
