

## Change is Membership Levels

Exciting News About Your Membership

We have some **exciting news about your chamber membership**. Beginning in January 2020, we have *refreshed our Membership Benefits*, to better serve you.

For all memberships, **at the Bronze level or above**, we now include an Advertising and Promotional Credit element to your membership. This new feature allows you to utilize this benefit, however **you choose**. This Advertising & Promotional credit includes a menu of options, such as eBlasts, online web ads, newsletter advertising, ads in our program books and more!! Previously the membership levels specified what options you would receive, but now, **you have the choice to select** those same benefits or choose from a menu of other options, based on what best fits you.

*For those members who have a Business Membership today*, I would **highly encourage you to take a look at the updated Membership Levels** and consider how the Bronze level membership (or higher) can benefit you and your business.

Please visit <https://stcharleschamber.com/member-offerings/about-membership/> and click on the Membership Level Icon for more details and/or contact Audrey Reaves at [AREaves@stcharleschamber.com](mailto:AREaves@stcharleschamber.com)

We are excited about this enhanced offering and would be happy to review this information with you in greater detail and/or answer any questions you may have!

Jim Di Ciaula  
President & CEO

### Exciting News About Your Membership

We have some **exciting news about your chamber membership**. Beginning in January 2020, we have *refreshed* our offerings to better serve you.

For all memberships, **at the Bronze level or above**, we now include an Advertising and Promotional Credit feature that allows you to utilize this benefit, however **you choose**. This Advertising & Promotional credit can be used for eBlasts, online web ads, newsletter advertising, ads in our program books and more!! Previously the credit was applied to the advertising options you would receive, but now, **you have the choice to select** those same benefits or choose from other options that best fits you.

***For those members who have a Business Membership today***, I would **highly encourage you to take a look** at our new offerings and consider how the Bronze level membership (or higher) can benefit you and your business.
