

Baltia

Classics and Custom Auto, formerly Baltia Vintage Auto Gallery that opened in 2011, is the gateway business into the East side of St. Charles on Route 64. Our visitors are worldwide, and we take great pride in choosing St. Charles as our location. Lead by Darius Grigaliunas born and raised in St. Charles, the community has seen the store grow from a small depressed lot to a thriving central location in servicing, buying and selling classic cars while expanding into customizing newer cars.

A little-known fact about our business is we have a secondary location where we do all our paint and body work also in St. Charles. The result is over 20 bays, the biggest in the area! Our family owned business owns and operates multiple other properties in the downtown area, and has done business in the city of St. Charles since 1977. Look to Classic and Custom Auto as we become a future destination location for you and your family to enjoy the great history of automobiles!

Being a business of the month, we would like to use this platform to introduce our new relationship with the Chamber of Commerce and the creation of *The Classic!* We have combined our annual car show with a festival lead by the Chamber of Commerce to celebrate our business relationships and reach out to the community. This year it will be the weekend of September 13-14th. Hope to see you here!
