

TIP OF THE WEEK

HOW TO BETTER UTILIZE YOUR MEMBERSHIP: GROUPS & COMMITTEES

Are you looking for ways to network more and grow awareness of your business offerings? Our Groups & Committees at the St. Charles Chamber provide ample opportunity for networking within our business community. Joining a Group or Committee is one of the best ways to create relationships, grow your brand, learn from other business leaders, gain new skills, and become more involved with the Chamber. We currently have 15+ Groups & Committees available with over 100 of our most active and engaged Chamber members.

Each Group or Committee has a different Purpose, Vision, and Goals that are set at the beginning of each new year. Our Committees help us focus on Chamber driven topics like curating educational and networking events, while our Groups focus solely on networking and building relationships within the Chamber and the community at large. Take a look at our Groups & Committees on our website to find the best fit for you and your business!

St. Charles
Chamber of Commerce

Most Groups & Committees meet monthly for an hour and are currently meeting virtually. We always welcome the opportunity for members to sit in on a Group or Committee meeting to see if it is a good fit for their business. Please reach out to the Chamber if you have any interest or questions regarding joining a Group or Committee!
