

## Change is Membership Levels

### Exciting News About Your Membership

We have some **exciting news about your chamber membership**. Beginning in January 2020, we have *refreshed our Membership Benefits*, to better serve you.

For all memberships, **at the Bronze level or above**, we now include an Advertising and Promotional Credit element to your membership. This new feature allows you to utilize this benefit, however **you choose**. This Advertising & Promotional credit includes a menu of options, such as eBlasts, online web ads, newsletter advertising, ads in our program books and more!! Previously the membership levels specified what options you would receive, but now, **you have the choice to select** those same benefits or choose from a menu of other options, based on what best fits you.

*For those members who have a Business Membership today*, I would **highly encourage you to take a look at the updated Membership Levels** and consider how the Bronze level membership (or higher) can benefit you and your business.

Please visit <https://stcharleschamber.com/member-offerings/about-membership/> and click on the Membership Level Icon for more details and/or contact Audrey Reaves at [AREaves@stcharleschamber.com](mailto:AREaves@stcharleschamber.com)

We are excited about this enhanced offering and would be happy to review this information with you in greater detail and/or answer any questions you may have!

**Jim Di Ciaula**  
President & CEO
