

### West Valley Graphics

Since 1982 West Valley Graphics & Print, Inc. (WVG) has serviced the Fox Valley area and surrounding communities as a full service printer dedicated to high quality printed products. West Valley's staff provide digital and conventional printing, including letterhead, business cards, envelopes, brochures, wedding invitations, announcements, forms and much more. Color and black and white copying projects include booklets, manuals, reports, labels, resumes and newsletters, just to name a few.

We employ a team concept operation over the last 36 years, adding customer involvement and approval throughout the process as the key to our quality finished product. WVG has a solid relationship with new and existing customers, while at the same time, keeping abreast of technological changes. To meet the constantly changing printing market and the demand for high quality color printing, West Valley Graphics uses Xerox Versant 80 Digital Image Press and an additional high-speed black and white copier to complement their offset printing capabilities.

Our goal as a print provider is to offer our clients uncompromising quality and faster turnaround times at competitive prices. Whether you are starting a new business or hobby and need help in designing, printing and finishing your marketing projects, don't hesitate to call. For more information or stop by West Valley Graphics at 201 S. 3rd St., in St. Charles. West Valley has kept strong roots in the community and takes pride in lending talents and resources towards a variety of organizations in the local communities.

Let us be part of your team.
