AFRICA

Praise the Lord for answered prayer! On Wednesday, February 20, a court case was settled that had stalled the construction of the Wesley Missionary Institute in [Togo](#). Pray that there can now be rapid progress toward the construction of the storage/security building where someone will begin living and providing security for the materials stored there. Then, the construction on the first two buildings will begin -classrooms and dormitory. Pray specifically for God's blessing on the construction, a protective divine hand on all workers, wisdom for Eli, the general contractor, and Yaovi and Olivier, contractors in cement and electricity.

Please pray for missionary [J.R. He should be released Thursday but will need to remain in semi-isolation for another week and a half. Pray for strength and peace for J.R. and Becky and the effectiveness of the treatment.

INTERNATIONAL CHILD CARE MINISTRIES (ICCM)

Continue to pray for the nation of Haiti. ICCM staff in Haiti are all safe, but anxious as the unrest is not fully settled and because food and water are scarce. All our leaders are requesting prayer for the situation. Pray for ICCMs almost 5,000 sponsored children in Haiti to know God's peace during this time of uncertainty. Pray they will see God's hand of care, protection and provision, and that all schools will be able to reopen soon.
