## AFRICA

---

Please join in praying for these requests from pastors and leaders in Africa:

- Pray for many in [Kenya](#) who have no income and have great difficulty getting food.
- Pray for the people of [Guinea](#). Their hardships are a mix of persecution, post-election violence, and COVID-19. Ask God to provide for their daily needs, to bring peace, and to strengthen the persecuted.
- Many of our churches in [Ethiopia](#) are in rural areas. Pray for people to adopt the needed precautions to help curb the spread of the virus. Ask God to provide for their basic needs amid the sudden escalation of prices.
- In Sierra Leone, it is the height of the farming season, but all tools are laid aside. Pray people will be able to keep their farms and food supply systems going. Pray for their encouragement.
- In [Liberia](#), people with jobs in the government and private sector are not being paid. Pray for God's miraculous and surprising provisions for people in need. Specifically, remember our Free Methodist brothers and sisters in need.

For more information related to these specific requests, click here - [Africa](#).

## ASIA

---

As 'stay at home' orders continue throughout Asia, many are experiencing need. In [Cambodia](#), the church is working to bring holistic care in areas where there are new church plants. Pray for leaders across [Asia](#) as they lead the church in reaching into their communities with compassion and relief.

Pray for Benjamin, the son of the ICCM coordinator in Cambodia. He is in the hospital with Dengue Fever. Ask God to provide complete healing for Benjamin.

God has not stopped working in the lives of people. This past week, two people in [Myanmar](#) received Christ as Savior and were baptized. Praise the Lord!

Pray for the [Taiwan](#) FMC and the [Hong Kong](#) FMC, as they work to reschedule important Annual Conference meetings.

## EUROPE

---

[Larry and Katie Winckles \(Hungary\)](#) report the virtual men's and women's prayer meeting groups are going strong and bringing together people who might not otherwise have been able to meet in the same space and at the same time. Pray these times of encouragement and prayer will be fruitful and transformative.

The church in [Bulgaria](#) gives praise! During the current crisis, they are feeding and providing medicine for many of the neediest in their communities. Also, the agricultural project can move ahead as planned. Thank the Lord and pray many people will come to know Jesus as the Bread of Life.

## LATIN AMERICA

---

[Thad and Nikki Roller](#) report that thousands of Venezuelan refugees living in [Colombia](#) are now making the journey back to their home country. Since they have lost jobs and do not have access to Colombian social welfare they are going back to a nation in an even worse economic, political and medical position. Pray God will protect and provide for this vulnerable group or people.

News agencies are reporting most of [Ecuador's](#) 4,000 cases of COVID-19 are in the Guayas province. Hundreds have died at home and remained there for several days. Cardboard coffins are now being given out. Please pray for this nation and for God's mercy to spare further outbreak here and throughout Latin America.

## MIDDLE EAST

---

Praise the Lord! Amid the pandemic restrictions, churches in the [Middle East](#) continue to find ways to care for refugees in their communities. Please continue to pray for Impact Middle East leaders to have wisdom and find creative ways to be the body of Christ to a suffering world.

## INTERNATIONAL CHILD CARE MINISTRIES

---

Through the "Extend Your Table" Fund, ICCM has been able to assist in providing food for children and families during this time of global crisis. Praise the Lord and pray the generosity of others will continue to feed the children.

## SEED

---

Pray for members of SEED partner groups around the world. Many of them live day-to-day, which means if they are unable to work, they are unable to buy food. Pray for miraculous provisions and outpourings of generosity.

## SET FREE

---

Pray for Set Free groups around the world as they seek to find new ways to help protect and provide for the most vulnerable in their communities.

## VISA MINISTRIES

---

Due to the current complications of travel and for the health and safety of our volunteers, all VISA trips have been canceled until at least August 1.

**The Free Methodist Church has ministry in more than 90 world areas.**
