880 Norell Ave N
Stillwater, MN 55082

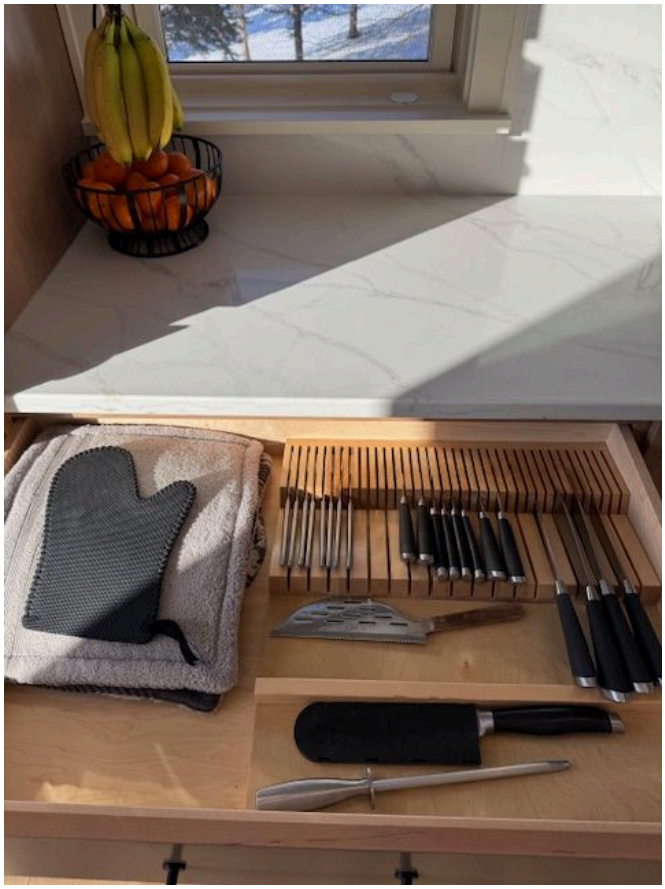

Features + Amenities

Custom designed by Charles Cudd and enhanced by a recent main-level renovation designed by Ispiri, this home is perfectly placed on a 3.34-acre parcel overlooking a pond to the west. The huge deck leads to a gorgeous private pool area and hot tub with stamped concrete, gardens, and a firepit area all fenced. The walkout lower level offers a second kitchenette with a bar for easy outdoor entertaining.

- Private backyard with sunset views of nature and visiting wildlife
- Extensive main level remodel (2023)
- Expanded the kitchen and reconfigured the dining and living spaces to provide additional entertaining space (2023)
- New windows in the kitchen and dining areas including the floor to ceiling window in the kitchen to provide exceptional natural light
- New cabinets with pullouts for mixer, spices, knives and utensils

- Quartz Countertops
- White oak hardwood flooring ties the spaces together
- Extensive modern LED lighting for tasks and overall room lighting
- Clean-lined cabinetry with separate cabinets that have been designated as Gluten Free since they were installed.
- One of the ovens has been exclusively used for Gluten Free foods
- High-velocity hood over the gas stove
- 2 dishwashers, 2 sinks and a beverage refrigerator provide excellent works spaces for cooking and entertaining

- Solar Panels Installed(2023)
- New roof (2022)
