BIG ACHIEVEMENTS!

Local pilot Tyler Walton recently passed his Airline Transport Pilot (ATP) license test here at ESRA. The ATP is the “PHD” of aviation and will allow Tyler to begin his new career as an airline pilot.

Interview

In a recent interview with Jacob Melton, an enthusiastic employee at ESRA, he shared his favorite aspects of working at the company. Jacob, who started as a lineman in the spring and now has two years of experience under his belt, spoke passionately about his role, highlighting that his favorite part is fueling planes and mowing the runway. He also expressed great pleasure in conversing with pilots, showcasing his commitment to both the job and the aviation community. When asked about his preferred aircraft to see land at ESRA, Jacob's eyes lit up as he mentioned his love for helicopters, emphasizing the thrill he experiences when they touch down at the facility. Jacob's dedication to ESRA and his genuine passion for aviation make him an invaluable member of the team.
