

FACILITATION TRAINING 2020

Strengthen relationships.
Unleash creative thinking.
Build community.

Just as a great running coach can teach you to run faster and more efficiently, a great conversation coach can teach you to design conversations and ask powerful questions.

The Art of Powerful Questions

Described as "the one conversation tool that will make you better at absolutely everything", the art of asking questions is too important to leave to instinct.

"I am walking away with more knowledge, tools, and questions than I ever thought I would."

"I was challenged, stretched, and already see improvement in myself that will affect multiple aspects of my life."

In this highly interactive and experiential 1-day workshop, participants will have the opportunity to:

- Develop a concrete set of tools for developing questions that build trust, reduce tension and conflict, inspire new ways of thinking, and motivate deep engagement.
- Use powerful questions to reflect deeply on an issue in their lives where they feel stuck.
- Practice both giving and receiving feedback in order to learn and grow as a facilitator.
