Californians' Views on Where We Are Now & Reopening Public Schools During the COVID-19 Pandemic

Summary of Recent Statewide Survey Findings by FM3

FAIRBANK, MASLIN,
MAULLIN, METZ
& ASSOCIATES

Opinion Research During the Pandemic

5

Yes, It Is Still Possible to Do Opinion Research

- Pollsters have made logistical adjustments to address “safer at home” policies; home interviewing and online surveys
- Response rates have risen as voters are home with more free time; some reports of as much as a 25% increase
- In fact, some issues with interviews running long
- Voters are particularly responsive to outreach from local government; they feel positive about the way local government has handled the pandemic, and understand the difficult tradeoffs coming
- We see little to no evidence of respondents reacting negatively to courteous outreach

6

The Mood of the California Electorate

7

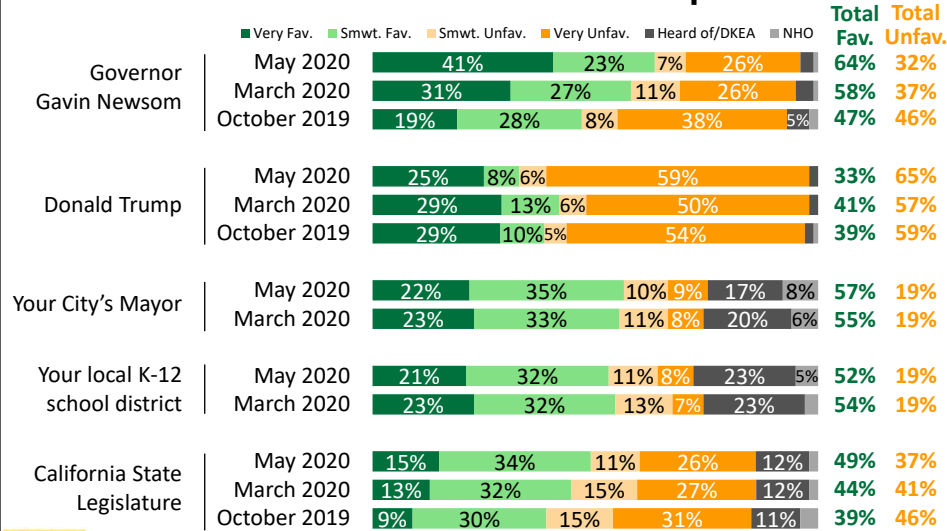

The mood of California voters continues to improve, and today a majority view the state as headed in the right direction.

*Generally speaking, would you say that things in _____ are generally headed
in the right direction or do you feel that things are off on the wrong track?*

8

Today, nearly two-thirds hold a positive impression of the Governor, and voters have an increasingly unfavorable view of Trump.

FM3

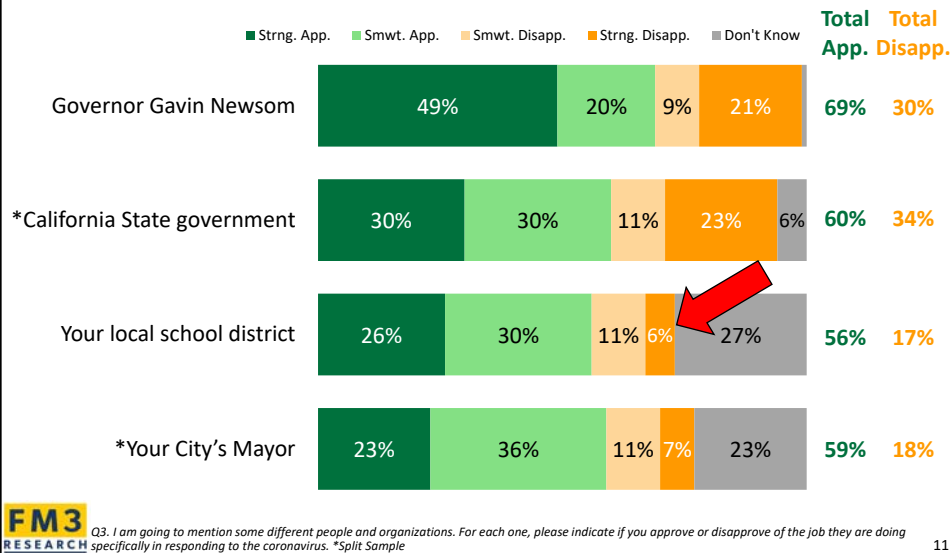

Q2. I'm going to read a list of people and organizations active in public life. Please tell me whether your impression of that person or group is generally favorable or unfavorable.

9

Californians' Views and Experiences Regarding COVID-19

10

Most California voters approve of the job state and local officials and government are doing in responding to the pandemic.

COVID-19 & economic concerns are very acute; broad majorities are still concerned about housing and healthcare costs, gov't waste, & wildfire risk.

Women, voters making less than \$100k, and seniors are more concerned about COVID-19's health risks, while higher-income voters and men identify its economic impact as a bigger problem.

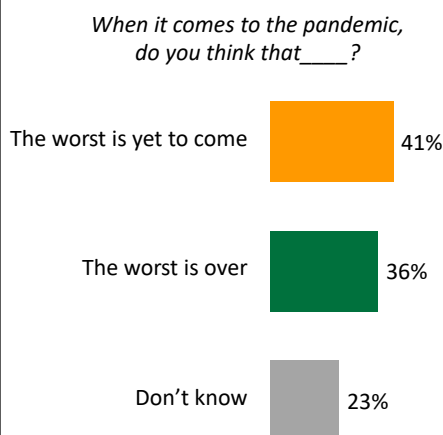

Demographic Group	That you, a family member or friend will be infected with the coronavirus	The impact the coronavirus is having on the economy, including the loss of jobs and businesses closing	Both/ Neither/ Don't Know
All Voters	45%	46%	8%
Gender			
Men	40%	53%	7%
Women	50%	40%	10%
Household Income			
\$0—\$60k	46%	39%	15%
\$60—\$100k	50%	42%	8%
\$100k—\$150k	46%	50%	4%
\$150k and above	45%	51%	4%
Age			
18-49	46%	42%	11%
50-64	38%	56%	6%
65+	50%	43%	7%
Race/Ethnicity			
Whites	45%	50%	4%
All Voters of Color	48%	38%	15%

Q4. Thinking about the coronavirus, which of the following is of greater concern to you personally?

13

Voters are divided on whether the worst of the pandemic is over or whether the worst is yet to come.

The Worst is Over	The Worst is Yet to Come
36% of the Electorate, Disproportionately:	41% of the Electorate, Disproportionately:
Conservatives	Liberals
Live in Central Valley	Ages 18-39
Live in Rural Area	Asian/Pacific Islander
No College Degree	African-American
Age 65+	Live in Urban Area
Live in Inland Region	Women
	Live in L.A. County
	Live in Bay Area

14

One-third are uneasy about their personal financial situation.

Thinking about your personal financial situation over the next few months, do you feel confident or uneasy that you will be able to meet your living expenses?

■ Total Conf. ■ Total Uneasy ■ Don't Know

FM3
RESEARCH

15

Four in ten voters are "very concerned" about potentially getting sick from coronavirus.

How concerned are you that you or a close family member will get sick from coronavirus?

Those most likely to be concerned about the health risks are:

- African Americans
- Liberals
- L.A. County residents
- Healthcare workers
- Ages 30-39
- Asian/Pacific Islanders
- San Diego area residents
- Women ages 18-49

FM3
RESEARCH

16

Both low-income Californians and Californians of color see themselves facing disproportionate health and economic risk from the Coronavirus.

Here are some statements about the coronavirus pandemic. Please tell me if you strongly agree, somewhat agree, somewhat disagree, or strongly disagree.

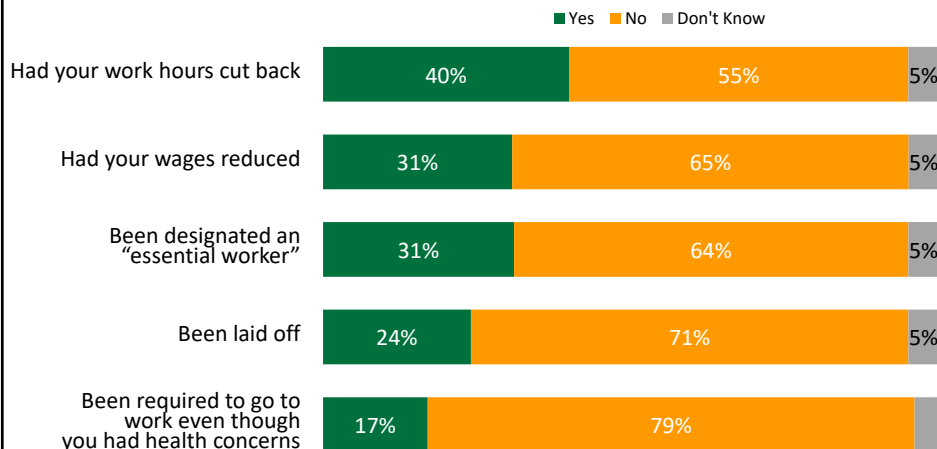

FM3
RESEARCH

Survey of California adults in low-income households or from communities of color

17

Among these communities, two in five have had their hours cut back, and more than three in ten have had their wages reduced.

In response to the coronavirus crisis, have you experienced any of the following?

FM3
RESEARCH

Q16.

18

Roughly six in ten believe the coronavirus pandemic will be “under control” within the next 6-12 months...

Looking ahead (**HALF SAMPLE: “6 months”**) (**HALF-SAMPLE: “12 months”**), do you think the coronavirus pandemic will generally be under control or not?

Response	6 Months	12 Months
Under control	59%	66%
Not	21%	16%
Don't know	20%	19%

FM3
RESEARCH Q21.

19

...but voters are less optimistic about the economy, as a plurality does not think it will have recovered over the same time frame.

Looking ahead (**HALF SAMPLE: “6 months”**) (**HALF SAMPLE: “12 months”**), do you think the economy will generally have recovered or not?

Response	6 Months	12 Months
Have Recovered	33%	45%
Not	51%	39%
Don't know	16%	17%

FM3
RESEARCH Q22.

20

Californians' Priorities for Improving Public School Buildings

21

Voters' top priorities remain removing hazardous materials, and two-thirds support providing *disadvantaged* students computers.

FM3
RESEARCH

Q11. I am going to read you different ways funds raised by this local school bond measure may be used. Please tell me whether you consider it to be an extremely important, very important, somewhat important, or not too important use of bond measure funds. Split Sample

22

Addressing the impact of COVID-19 is also highly important to voters, particularly cleaning schools more frequently.

FM3
RESEARCH

Q11. I am going to read you different ways funds raised by this local school bond measure may be used. Please tell me whether you consider it to be an extremely important, very important, somewhat important, or not too important use of bond measure funds. ^Not Part of Split Sample

23

Two-thirds identify upgrading technology to improve at-home learning as an important use of funding.

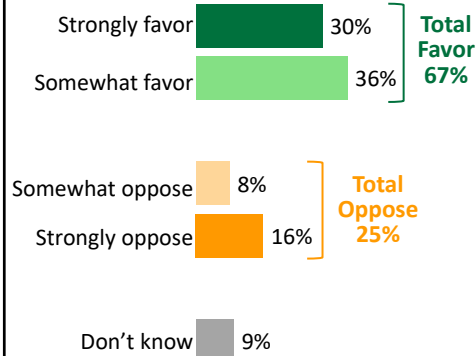

FM3
RESEARCH

Q11. I am going to read you different ways funds raised by this local school bond measure may be used. Please tell me whether you consider it to be an extremely important, very important, somewhat important, or not too important use of bond measure funds. ^Not Part of Split Sample

24

Voters solidly back using existing voter-approved Prop 51 state bond funds to upgrade California public schools.

In 2016, California voters approved a statewide bond measure to provide funding for public schools and community colleges to repair classrooms, improve student safety and make other upgrades to school buildings. Currently, \$3.7 billion in bonds are available to fund school construction projects.

FM3
RESEARCH

Q12. Do you favor or oppose state government selling the remainder of the voter approved bonds to repair, upgrade and improve classrooms and buildings at California public schools and community colleges?

25

Demographic Group	Total Favor	Total Oppose	Don't Know
Region			
L.A. County	71%	23%	6%
Counties Surrounding L.A.	64%	27%	9%
Bay Area	72%	19%	9%
San Diego	65%	26%	8%
Sacramento/North	56%	31%	13%
Central Valley/Central Coast	64%	21%	11%
Age			
18-49	73%	20%	7%
50-64	62%	30%	8%
65+	61%	27%	12%
Race/Ethnicity			
Whites	65%	24%	11%
Latinos	73%	21%	6%
All Voters of Color	73%	23%	5%
Children			
Have Young Children at Home	66%	26%	9%
Have Children at Home	65%	27%	8%
Do <u>Not</u> Have Children at Home	69%	23%	9%

Reopening California Public Schools

26

Voters identify cleaning schools, establishing plans for positive COVID-19 tests and requiring nurses on campus as necessary for reopening schools.

Proposal	Very Good Idea	Very/Somewhat Good Idea
Requiring schools to clean, disinfect and sanitize classrooms, restrooms and other school facilities every day	68%	90%
Requiring schools have emergency plans in place if a student, teacher or staff member tests positive for coronavirus	67%	88%
Making sure all schools have a full-time nurse on-campus to monitor, treat and isolate any student suspected of being infected with the coronavirus	60%	85%
Providing every school with thermometers, face masks and other essential healthcare supplies	52%	80%
Requiring state, county and local public health officials to certify it is safe to reopen a school	49%	77%
Requiring daily coronavirus screening of students, teachers and staff members before being allowed on campus	46%	75%
Holding split school day sessions so half the students attend in the morning and half in the afternoon to reduce the number of students in classrooms and schools to allow for social distancing	37%	70%
Each week having half the students attend school in-person and the other half take classes online to reduce the number of students in classrooms and schools to allow for social distancing	25%	60%

FM3
RESEARCH

Q19. I am going to mention some different proposals that have been suggested in order to allow local California public schools to safely reopen. Please tell me whether you think that is a good idea or bad idea. Split Sample

27

Other proposals for improving safety when schools reopen, including providing thermometers & face masks, requiring safety certifications from public health officials, conducting daily virus screenings, and strategies to reduce the number of children per classroom, also attract strong support.

Proposal	Very/Somewhat Good Idea	Gender		Household Type	
		Men	Women	Have Children at Home	Do Not Have Children at Home
Clean, disinfect and sanitize school buildings	90%	87%	93%	95%	89%
Emergency plans in place	88%	87%	89%	85%	90%
All schools have a full-time nurse on-campus	85%	83%	87%	89%	85%
Providing every school with Thermometers & face masks	80%	80%	80%	72%	84%
Requiring public health officials to certify safety	77%	76%	78%	70%	81%
Requiring daily coronavirus screenings	75%	71%	80%	75%	76%
Holding split school day sessions	70%	66%	74%	70%	72%
Each week having half the students attend school in-person and the other half take classes online	60%	57%	63%	63%	60%

FM3
RESEARCH

Q19. I am going to mention some different proposals that have been suggested in order to allow local California public schools to safely reopen. Please tell me whether you think that is a good idea or bad idea. Split Sample

28

With these policies in place, most voters think schools can be reopened safely - though only one in four say schools will be "very" safe.

FM3 Q20. If these types of precautions were put into place, do you think (SPLIT SAMPLE C ONLY: "California public schools") (SPLIT SAMPLE D ONLY: "your local public schools") can be reopened safely?

29

Confidence that public schools can be reopened safely is strongest among voters with school-age children at home, voters with fewer years of formal education, and voters of color, while seniors (Ages 65+) are less certain.

Demographic Group	Yes, Very Safe To Reopen	Yes, Somewhat Safe To Reopen	No, Not Safe To Reopen	Don't Know
All Voters	25%	48%	12%	15%
Household Type				
Have School-Age Children at Home	30%	49%	12%	9%
Do Not Have Children at Home	23%	49%	12%	16%
Educational Attainment				
High School or Less	33%	47%	12%	8%
Some College	24%	52%	15%	9%
Bachelor's Degree	24%	51%	11%	14%
Graduate Degree	25%	47%	12%	16%
Age				
18-49	26%	50%	13%	11%
50-64	29%	46%	10%	15%
65-74	20%	48%	11%	21%
75+	16%	46%	14%	24%
Race/Ethnicity				
Whites	23%	47%	12%	18%
Latinos	29%	50%	11%	10%
All Voters of Color	28%	50%	12%	10%

FM3 Q20. If these types of precautions were put into place, do you think (SPLIT SAMPLE C ONLY: "California public schools") (SPLIT SAMPLE D ONLY: "your local public schools") can be reopened safely?

30

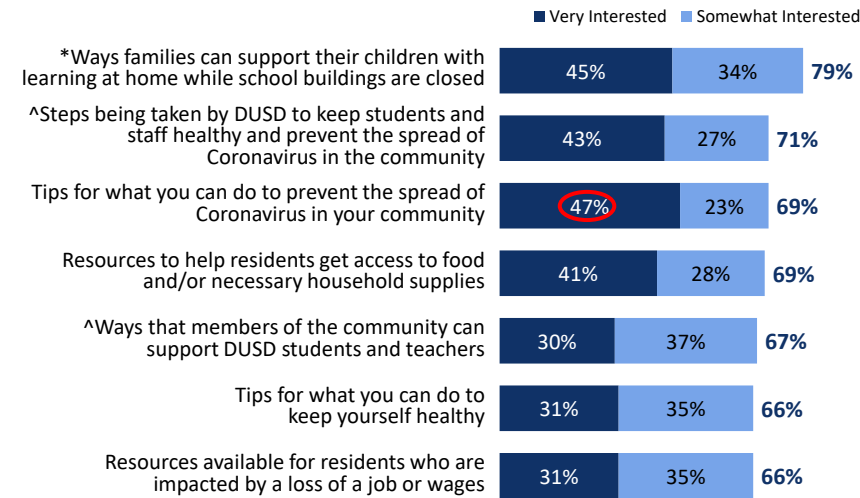

Communicating with Parents & Other Community Members

31

Parents and non-parents often use different sources of information to stay informed about their local schools (including in Duarte USD as shown below).

Information Source (Use Frequently/Occasionally)	All Voters	School Attendance	
		DUSD Parents	All Other Voters
Word of mouth from friends, family and others	57%	76%	53%
*Online web browsing via phone or computer	54%	83%	48%
Flyers, postcards or letters mailed to your home	48%	58%	46%
*Local newspapers online and/or in print	47%	59%	44%
*Information shared from friends on social media	46%	68%	42%
Local TV news	45%	47%	44%
Email notices from Duarte USD	39%	85%	29%
The Nextdoor dot com website or Nextdoor app	37%	56%	33%
*Facebook pages run by local residents	35%	54%	31%
*Automated text messages	33%	61%	28%
*Local news radio	33%	20%	36%
Duarte USD's website	31%	71%	22%
*YouTube	26%	31%	24%
*Online/Virtual Town Halls	25%	45%	20%
Duarte USD's Facebook account	24%	52%	19%
Duarte USD's Twitter account	17%	39%	13%

Voters are very interested in information on preventing the spread of coronavirus and available resources (including in Duarte USD as shown below).

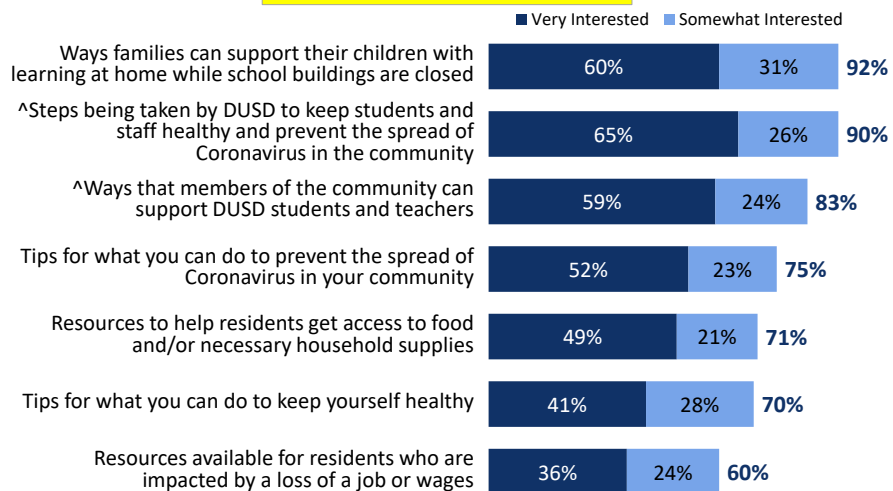

FM3
RESEARCH

Q10. I am going to read you some of the types of information that DUSD could be sending you. Please tell me how interested you are in that type of content: Very interested, somewhat interested, not very interested, not at all interested. ^Not Part of Split Sample, *Asked if Parent of School-Aged Child

33

Parents are particularly interested in ways to support their students and steps that local schools are taking to prevent coronavirus spread (including in Duarte USD as shown below).

Duarte USD Parents Only

FM3
RESEARCH

Q10 by DUSD Parents. I am going to read you some of the types of information that DUSD could be sending you. Please tell me how interested you are in that type of content: Very interested, somewhat interested, not very interested, not at all interested. ^Not Part of Split Sample

34

Consistent access to an internet-connected home computer for online learning is not universal among school-age children, even in communities like Duarte USD where median household income exceeds the state average.

Do the school-aged children in your home have consistent access to a computer connected to the internet for online learning?
(Asked of Duarte USD Parents Only)

ENGAGING PARENTS OF STUDENTS WITH SPECIAL NEEDS

Joshua Jorn, Monterey COE

Jema Estrella, Los Angeles COE

Rebekah Cearley, Murdoch, Walrath & Holmes

Communication

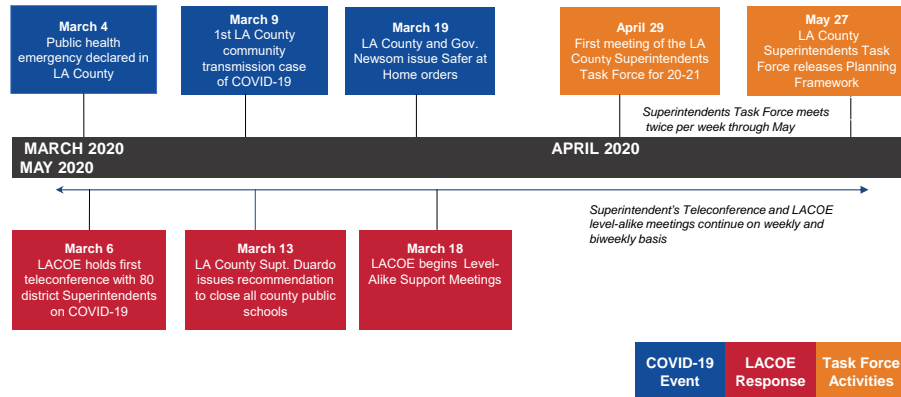

Establish surveys and FAQ's for all (3) stakeholder groups (parents, staff/admin, teachers)

- Baseline pulse survey to establish comfort and concerns of staff/admin and parents
- Follow-up survey to drill down MCOE's or District's ability to site adapt based on pulse survey results
 - Example: [MCOE Internal Office Staff FAQ's](#)

Facility Considerations

- Medical Therapy Units
 - High level of sanitizing and disinfecting already established
 - High level of concentrated staff
 - Low level of student capability to maintain social distancing
- Special Day Class
 - Small spaces, lots of activities
 - Management of students requires multiple instructional staff per pupil
- DHH (Deaf and Hard of Hearing) and VI (Visually Impaired)
 - High level of shared equipment use
 - Ongoing and continuous sanitizing and disinfection of learning one-to-one equipment required

COVID-19 + LACOE and the Task Force Response Timeline

Planning Framework Overview

Purpose

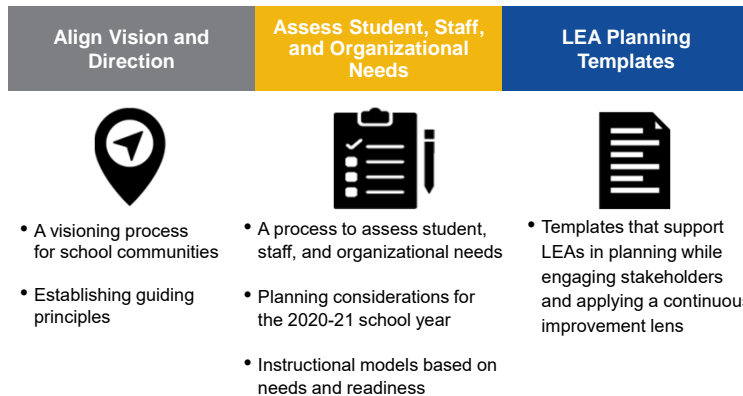

The Planning Framework was created by LEA leaders to work with their teams to plan for the 2020-2021 school year.

Use of Framework

- LEAs may adapt this framework as needed
- LA County Department of Public Health guidelines should be used to support local planning
- LEAs should exercise local control, and engage staff, students, families, professional associations, and community partners in planning
- LEAs should engage in adaptive problem solving due to the continuously changing environment of the COVID-19 pandemic

The Planning Framework is intended as guidance for LEAs based on current information at the time of its publication.

The Planning Framework Includes Three Sections

Align Vision and Direction

Included: A reflection template to help align an LEA's current vision and guiding principles with the need to address planning for COVID-19.

The Superintendents Task Force used the following vision:

Throughout the 2020-21 school year, our communities are healthy and connected, and all students are receiving high-quality instruction that meets their needs

The Superintendents Task Force used the following guiding principles:

- Maintaining continuity of instruction
- Keeping students and staff safe and healthy
- Ensuring access and equity for all students
- Communicating with stakeholders, such as staff, families, bargaining units, and partners
- Ensuring flexibility to meet the needs and advocate for all students, while maintaining fiscal solvency

[Click here](#) to view a template on aligning vision and direction.

Assess Student, Staff, and Organizational Needs

Included: Templates designed to help LEAs assess student and staff needs and organizational readiness.

Assess **Student Needs** by:

- School-level
- Key Student Groups

 [Click here](#) to view a template on assessing student needs

Assess **Staff Needs** by:

- Position
- Key Adult Groups

 [Click here](#) to view a template on assessing staff needs

Assess **Organizational Readiness** by:

- County Reopening Phase
- Health & Safety
- Family & Community Engagement
- Social Emotional Support Systems

 [Click here](#) to view a template on assessing organizational readiness

Instructional Models

Included: An overview of instructional delivery models. The list of models is not exhaustive, and LEAs should select the model(s) that best fit the needs of their students.

Face to Face

The teacher and the student meet physically in a set place for a set time, for either one-on-one learning or in group classroom lessons with social distancing measures in place, as well as health and safety measures.

Hybrid Learning

Hybrid learning occurs both in the classroom (or other physical space) with social distancing measures in place, as well as health and safety measures, and via distance learning.

Distance Learning

Distance learning occurs when the learner and instructor, or source of information, are separated by time and distance and therefore cannot meet in a traditional physical classroom setting.

 [Click here](#) to view the planning considerations by instructional delivery model.

Planning Considerations

Included: Considerations organized by key focus areas for the 2020-21 school year, which include resources and best practices.

Instruction

- Curriculum selection and instructional delivery models
- Assessment practices and policies, including local and statewide assessments
- Services to special populations, including students with disabilities, students from socioeconomically disadvantaged families, English Learners, Homeless, Foster Youth and At-Promise Youth
- Access and use of instructional technology
- Expanded learning opportunities

Health & Safety

- Guidance, directives and recommendations from Public Health
- Health & safety information, social distancing and infection control practices (handwashing, face coverings)
- Classroom, meal, and cleaning practices
- Health office practices, personal protective equipment, management and isolation of students showing sign of illness

Planning Considerations (continued)

Included: Considerations organized by key focus areas for the 2020-21 school year, which include resources and best practices.

Social & Emotional Support Systems

- School-based mental health services
- Behavior support systems
- Family engagement and support practices
- Staff supports
- Maintaining student and staff recognitions, awards, and traditions

Family & Community Engagement

- Ensuring effective communication systems
- Engaging stakeholders
- Using community partnerships
- Other key systems and supports

Operations

- Facilities
- Budgeting and financial operations
- Human Resource Services
- Nutrition Services
- Transportation
- Technology infrastructure
- Other key systems and services

Instruction—Special Education

Instruction Special Education

Providing a high-quality instructional program by following best practices in the areas of:

- Curriculum selection and instructional delivery models
- Assessment practices and policies, including local and statewide assessments
- **Services to special populations, including students with disabilities**, socioeconomically disadvantaged students, English Learners, Homeless and Foster Youth
- Access and use of instructional technology
- Expanded learning opportunities
- Other key systems and services

Best Practices	Resources	Planning Implications
Instructional Delivery to Students with Moderate to Severe Disabilities		
<ul style="list-style-type: none"> ● Utilize evidence-based practices ● Train teachers and paraeducators on use of virtual/classroom instructional tools ● Utilize curriculum aligned to common core standards ● Develop curriculum based on individual student need (i.e., goals drive placement) ● Differentiated instruction ● Utilize UDL ● Identify and utilize, as appropriate, free video recording programs and captioning ● Primary language support as needed ● Utilize technology, such as: <ul style="list-style-type: none"> ○ Microsoft Immersive Reader ○ Overdrive ○ Audible ○ Beeline Reader 	<p>CAPTAIN: EBP Trainings</p> <p>United States Office of Special Education Programs: Evidence-Based and Promising Practices to Support Continuity of Learning for Students With Disabilities</p> <p>Educating All Learners Alliance: Special Education: Educating All Learners During the COVID-19 Disaster</p> <p>CAST: Universal Design for Learning</p> <p>ASCD: Differentiated Instruction</p> <p>Elk Grove Unified School District: Virtual Academy</p> <p>Kami: Your Digital Classroom Hero</p>	<ul style="list-style-type: none"> ● Support for moderate/severe teachers doing both delivery models ● Assure resources for primary language support ● Support when students with sensory needs or other needs refuse to comply with public health measures (mask-refusal, unable to socially distance) ● Support for staff in managing students who are a danger to themselves or others (i.e., eloping, self-injury) ● Protocol needed in consideration of health measures ● Medically fragile students may not be able to return to school

Social and Emotional Support Systems

Social and Emotional Support Systems

Addressing the mental health and social-emotional development of all students, staff and community by following best practices in the areas of:

- School-based mental health services
- Behavioral support systems
- Family engagement and support practices
- Staff supports
- Maintaining student and staff recognitions, awards and traditions
- Other key systems and supports

Best Practices	Resources	Planning Implications
Mental health services and supports for students		
<ul style="list-style-type: none"> ● Conduct mental health screenings and assess for mental health readiness and level of trauma, grief/loss using surveys, questionnaires, interviews or outreach ● Allocate significant time and resources upon school return to process and debrief the event and impact of school closure and return for entire school community ● Implement a school mental health referral protocol ● Incorporate SEL Curriculum at all grade levels; ensure both remote and in-person learners are included (continual outreach to students) ● Establish a systemic social emotional support 	<p>Adverse Childhood Experiences (ACES) Questionnaire</p> <p>Free CDC Training: Overview and Approach to Preventing ACES</p> <p>DMH-UCLA Prevention Center of Excellence: Wellbeing4LA Learning Center</p> <p>Los Angeles County Office of Education: Tips on Supporting Students in Grief</p> <p>LACOE: Dept. of Mental Health Referral form</p>	<ul style="list-style-type: none"> ● Strive for buy-in at all levels and shared responsibility ● Identify cost of assessments and staff to conduct screenings ● Identify counselor capacity and staffing logistics when it comes to alternate schedules

LEA Planning Templates

Included: A workbook of eight customizable templates (linked below) intended to help LEAs plan for the 2020-21 school year.

Template Type	Template Name
LEA Team Readiness Templates	1. LEA Planning Task Force Design
	2. LEA Task Force Vision and Guiding Principles
	3. LEA Task Force 5-phase Planning
LEA Organizational Readiness Templates	4. Needs Assessment: Students
	5. Needs Assessment: Staff
	6. Readiness Decision Tree
	7. Plans for Instructional Models
	8. Master Summary

State Response to Students with Special Needs

- California receives \$1.6 billion from Federal Elementary and Secondary Schools Emergency Relief (ESSER) funds
 - \$164.7 million is discretionary
- School Re-Opening Support Block Grant (proposed by Senate): \$100 million
 - Cleaning supplies, equipment, and training for certificated and classified staff
 - Outreach and communication to families and students
 - Social emotional supports for students re-entering school
- Governor proposes to use \$4.4 billion in CARES Act funds for mitigation of student learning loss

State Response to Students with Special Needs

- Executive Order N-26-20 (3/13/20) requires CDE to provide guidance to ensure Special Education students receive a free appropriate public education consistent with their IEPs
- Governor's May Revision proposals:
 - Increases base rate by 15%, to \$645 per pupil
 - \$15 million IDEA funds for Golden State Teacher Scholarship Program – special education pipeline
 - \$7 million IDEA funds to assist LEAs with developing regional alternative dispute resolution services/statewide mediation services for cases arising from the COVID-19 pandemic special education distance learning models
 - \$1.1 million to study special education governance and accountability structure, and two workgroups on accountability and student outcomes
- Legislature proposes \$545 m to increase base rates, plus \$100 million for low incidence disabilities cost pool
- Special education groups requesting flexibility and additional Federal funding to meet distance learning needs of special education students

INVOLVEMENT OF EMPLOYEES: CLASSIFIED CONNECTION AND TEACHER CONCERNS

Alan Reising

CASH Board Member, Long Beach USD

THE COMMUNITY AT-LARGE AND OTHER AGENCIES WITHIN THE COMMUNITY

Dwayne Mears
CASH Treasurer, Placeworks

Other Agency Communications During Pandemic

- Executive Order N-54-20 suspends several CEQA noticing requirements as many county clerk/recorder offices have closed and cannot accept notices (between April 23 and June 21). These CEQA notices include:
 - Notices of Preparation
 - Notices of Availability
 - Notices of Intent to Adopt MNDs
 - Notices of Determination
 - Notices of Exemptions

CEQA Notices During Pandemic

- Check to see if your county clerk/recorder office is open and accepting notices, but still must:
- The EO directs lead agencies to use these alternative forms of public noticing:
- Post the notice on the lead agency's website
- Submit the notice to the State Clearinghouse (CEQAnet Web Portal (see <https://ceqanet.opr.ca.gov>))
- Engage in outreach to any individuals and entities known interested in the project

Plus, encouraged to use all other appropriate methods of outreach

CEQA Notices During Pandemic

- It's important to file notices w/in 5 days to begin statute of limitation
- You must register District with SCH to file notices
- After registering districts may file notices
- Takes time, so do this before needed
- Dept Fish/Wildlife fees are still due to county

CEQA Notices During Pandemic

- To register email SCH with:
- Request registration, include district name, contact, address, phone, email
- OPR will email when you are registered with new CEQA database
- If you use consultants, they must be registered as 'submitters'; additional step/time required
- Email: state.clearinghouse@opr.ca.gov

Emergency Rule 9 as Amended

- Normal Statutes of Limitations for CEQA:
- 35 days for Notices of Exemption
- 30 days for Notices of Determination

Emergency Rule 9 as Amended

Emergency Rule 9 Tolls (extends) Statutes of Limitations:

Notices filed between April 6 and August 3:

- 30/35-day clock doesn't start until August 3rd
- Risk of legal challenge remains during that period
- If NOE/NOD not filed, statute extends 180 days

Actions May Trigger CEQA

Actions Not Subject to CEQA:

- Additional cleaning, cleaning agents
- Separating seats
- Internal dividers
- Reducing capacity (depending on how achieved)

Actions May Trigger CEQA

Possible CEQA “Projects”:

- Transfer of students to another school
- Temporary structures
- Installation of portable classrooms
- Acquisition of property
- Reopening surplus/closed sites
- Changes to arrival times
- Longer school day
- Addition of lights (related to longer school day)

CEQA Exemptions May Apply

“Emergency” is a sudden, unexpected occurrence, involving clear and imminent danger, demanding immediate action to prevent or mitigate loss of, or damage to life, health, property or public services

Emergency Statutory Exemption:

- Projects to maintain, repair, restore
- Emergency repairs to maintain service essential to public health and welfare
- Actions to prevent or mitigate an emergency

Categorical Exemptions

Projects may qualify under several categorical exemptions:

- Class 1: Existing Facilities
- Class 2: Replacement/Reconstruction
- Class 3: New Constr. Or Convert Small Structure
- Class 11: Accessory Structures
- Class 14: Minor Additions to Schools
- Class 22: Change in Grade Structure (no change to transportation)
- Class 27: Leasing New Facilities

Notice of Exemption
