Attached are the questions and comments from the Chat Box of the May 7, 2020 CASH Webinar. The Webinar will be available for viewing or listening on the CASH Website for our members that missed it or for those interested in viewing or listening again.

-
- 11:00:16 From Sam CASH Staff : Good morning and thank you for joining us today!
- 11:18:58 From shouse to All panelists : We spent half of the \$43,000 received on Clorox Total 360 Sanitizing spray machines (5 @ \$4,000+) to sanitizing classrooms.
- 11:47:04 From Frank Camarda to All panelists : CASH, any thoughts of the possibility of property tax relief/defer. and the effects on counties reserves and bond repayment?
- 11:52:04 From Rebekah Cearley to Frank Camarda and all panelists : Hi Frank - our tax expert had a conflict and isn't on the webinar today. We can follow up with you! ***Please see comment below addressing this question.*
- 11:55:09 From Nicholas Arps : Construction Question - How is the DIR going to handle COVID-19 and the lack of skilled & trained workforce. As it was, there wasn't enough Skilled & Trained out there for normal construction.
- 11:57:11 From Michael Adell : Great question, this is definitely effecting my projects right now!
- 11:59:08 From Katy Wright to All panelists : I understand the State has sold Prop 51 bonds and able to fund some unfunded projects. Do you see that happening?

12:06:21 From Lynne Lees to All panelists : Timelines are manageable at the moment due to lack of students on site and additional spaces available to maintain proper PPE and social distancing protocols. However, once students return, certain project timelines might become longer due to those same guidelines needing to be followed.

12:12:49 From Frank Camarda to All panelists : Thank you, great webinar.

12:12:58 From shouse to All panelists : Thanks!

12:13:02 From Sam CASH Staff : Thank you Speakers and Attendees!!!

***I see effects on county reserves and cash flow but not on bond repayments. There was not a problem for PT secured bonds in the last recession and there were significant deferrals/non-payment.*
