Dakota Baptist Ministry Training Institute

Certificate in Dakota Ministry

Dakota taught for Dakota students

The Dakota Baptist Convention, through a partnership with Spurgeon College and Midwestern Seminary, has an opportunity for Dakotans to earn a Certificate in Dakota Ministries that will help them minister in the Dakotas.

You will earn your certificate after taking just four 13-week courses:

- **Introduction to Hermeneutics**
- **Church Administration**
- **Personal Evangelism & Discipleship**
- **Ministry Care & Counseling**

The cost is only $100 per term plus books. This is an incredible value! Courses taught through Spurgeon College are normally $360 per credit hour plus $100 in registration fees, $150 in student services fees and $50 in technology fees. We have eliminated the extra fees and reduced tuition to just $100 per term (no matter how many credits the class is worth).

All courses will be Dakota students taught by Dakota instructors. Classes are 100% online using the NEO learning management system.

Only $100 per term (plus books)

There will be online interaction in each course, giving you a chance to get to know pastors and leaders from around the Dakotas as you learn together.

These classes are open to any member of a cooperating Dakota Baptist church - pastors, lay leaders, and members.

Online sign-up forms and additional information are available at www.dakotabaptist.com/onlinelearning.

100% online

NEO LMS

NEO is a learning management system (LMS) that makes it easy to create and manage all learning activities, whether it's building online classes, assessing students, enhancing collaboration, or tracking achievement.

Our user interface is clean, with an intuitive design that makes the whole experience of using our platform more enjoyable and productive.

Our platform is fully responsive and looks great on any mobile device. We also have mobile apps for iOS, Android, and Windows so users can enjoy NEO's functionality on the go.
