

# SVdP Disaster Services assists with Hurricane Harvey Relief in Texas

Disaster Services Corporation, SVdP-USA and the Archdiocese of Galveston Houston are wrapping up their second and final week of the Parish Recovery Assistance Centers (P-RACs) at the local parishes. There has been an outstanding turnout from both SVdP volunteers who have stepped out in faith to serve others and from the local community seeking assistance and support in their recovery from Hurricane Harvey. Please continue to keep those affected and those who have served in your prayers as this will be a long road to their recovery.
