

# OPERATION LONE STAR

We need your help to get individuals back on their feet after the devastating impact of Hurricane Harvey on the State of Texas. Cash donations are best, but everyone can help with personal hygiene kits. We are calling this endeavor OLS (Operation Lone Star). Your Conference and Parish can have a large impact on helping survivors on their road to recovery by assembling personal hygiene kits, that our Councils, Conferences and DSC will distribute in shelters, parish centers Multi Agency Resource Centers and other areas where we are seeing Harvey survivors.
