About the Movie

Photographer L.B. "Jeff" Jefferies is confined to his small apartment with a broken leg. To pass the time, he watches the goings-on of his motley assortment of neighbors - a frustrated yet fun-loving composer, a middle-aged couple with a small dog, a dancer who seems to enjoy practicing her routines while scantily clad, a pair of reclusive newlyweds, a lonely woman who seems to live in a fantasy world, and a salesman and his invalid wife. One day the wife inexplicably disappears, and the salesman starts doing things that lead Jeff to suspect that he may have murdered her. Unfortunately, he has no proof and no one seems to believe him. Eventually, however, things start falling together in a way that make it look like Jeff might just be right after all. Finally, his girlfriend Lisa and his nurse Stella come up with a plan to catch the killer red-handed. But doing so could put all of their lives in danger.

*A delightfully postmodern fairy tale, **The Princess Bride** is a deft, intelligent mix of swashbuckling, romance, and comedy that takes an age-old damsel-in-distress story and makes it fresh.*

ABOUT THE MOVIE

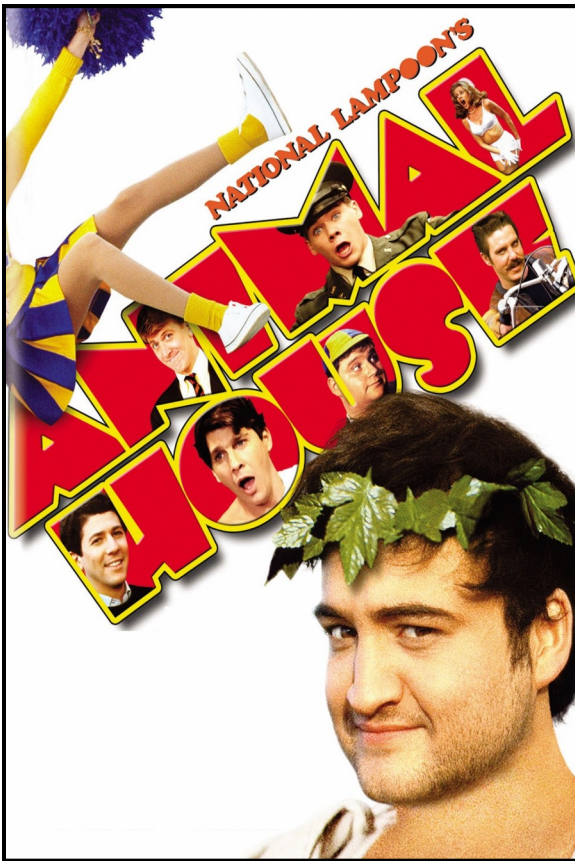

A high-spirited adventure that pits true love against inconceivable odds, *The Princess Bride* has charmed legions of fans with its irreverent gags, eccentric ensemble, and dazzling swordplay. A kid (Fred Savage), home sick from school, grudgingly allows his grandfather (Peter Falk) to read him a dusty storybook—which is how we meet the innocent Buttercup (Robin Wright, in her breakout role), about to marry the nefarious Prince Humperdinck (Chris Sarandon) though her heart belongs to Westley (Cary Elwes). The wedding plans are interrupted, however, by a mysterious pirate, a vengeful Spaniard, and a good-natured giant, in a tale full of swashbuckling, romance, and outrageously hilarious spoofery. Directed by Rob Reiner from an endlessly quotable script by William Goldman, *The Princess Bride* reigns as a fairy-tale classic.

Lana Turner plays one of the best roles of her career in this stunning and emotional adaptation of Alexandre Bisson's classic play.

A woman married to a wealthy socialite, is compromised by the accidental death of a man who had been romantically pursuing her, and is forced by her mother-in-law to assume a new identity to save the reputation of her husband and infant son. She wanders the world, trying to forget her heartbreak with the aid of alcohol and unsavory men, eventually returning to the city of her downfall, where she murders a blackmailer who threatens to expose her past. Amazingly, she is represented at her murder trial by her now adult son, who is a public defender. Hoping to continue to protect her son, she refuses to give her real name and is known to the court as the defendant, "Madame X."

Simply put Lana Turner is outstanding in this film and the last 30 minutes of Madame X has Lana Turner performing as only the best actresses could. Lana Turner should have been nominated for an Academy Award. .

Made with obvious affection for the original, Young Frankenstein is a riotously silly spoof featuring a fantastic performance by Gene Wilder.

Starring

**GENE WILDER PETER BOYLE MARTY FELDMAN
CLORIS LEACHMAN TERI GARR**

ABOUT THE MOVIE

Spoofs are ten a penny these days but Young Frankenstein had so much care and attention put in by Mel Brooks and Gene Wilder. It was fresh and innovative. What works is the atmosphere, filmed in Black and White and evoking the sets, location of the Universal 1930's Frankenstein films. You are easily brought into the atmosphere which gets regularly punctured with jokes, one liners and visual jokes such as the enormous knockers on the door as they arrive at the castle.

The cast of Gene Wilder, Marty Feldman, Peter Boyle, Madeline Kahn, Cloris Leachman, Terri Garr milk the laughs for all its worth. Gene Hackman is a hoot as the blind hermit which sends the monster scurrying after he offers cigars. Feldman's Igor is the best and both Kahn and Garr are sensual and sexy. Almost 45 years later, it is still mad and funny.
