

## Join The Bannerman Castle Trust (BCT) for our 13th Annual Farm Fresh Chefs' Dinner on Bannerman's Island

In 2010, two and a half walls fell from the main castle structure. Master Chef Noah Sheets read about the collapse and called Neil Caplan, the Executive Director of The Bannerman Castle Trust, Inc. to present a Farm Fresh Fundraising Dinner on Bannerman island to help with the preservation of the island and it's historic castle structures. Noah rounded up five noted Hudson Valley chefs who each created one of five delectable courses for an extraordinary once in a lifetime meal. The event was a huge success. The Farm Fresh Chefs' Dinner is now in it's 13th year including acclaimed Chefs' from the Tri-State area. Enjoy an incredible five-course dinner, that includes dessert and two glasses of wine!
