

TOOLS

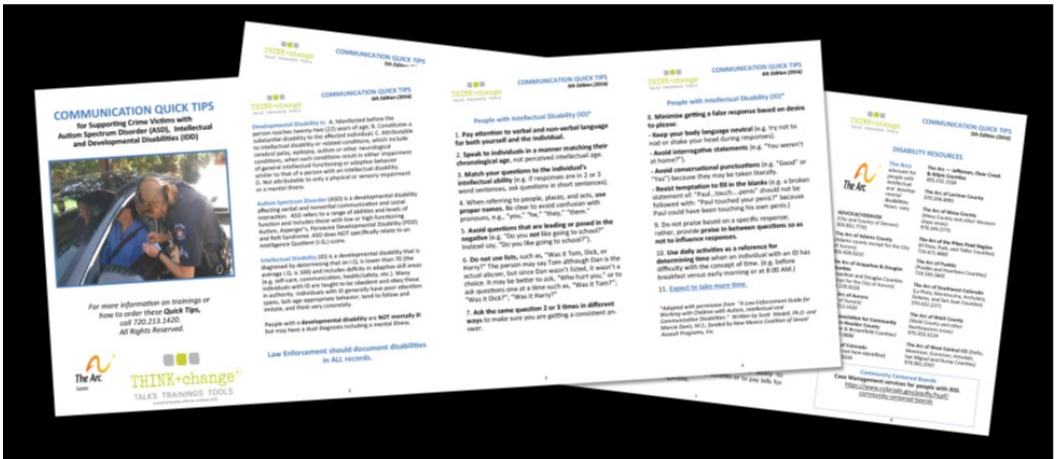

THINK+change TOOLS are tangible educational products.

Communication Quick Tips

Looking for a way to build or strengthen partnerships with local partners? Looking for an education tool to use with community partners to help improve their communication with citizens with IDD?

Communication Quick Tips does both! This tool provides tips for communication with citizens with IDD, information on Colorado’s mandatory reporting law, and a listing of the Arc Chapters in Colorado.

Communication Quick Tips is printed in color and has 8-panels with 3 vertical folds so the final product measures approximately 3”x5” – perfect for a pocket, wallet, car dash storage, or briefcase.

Contact Jean for pricing and ordering info:

Special note:

Later this year, **Communication Quick Tips** will go into its 6th edition printing, and your company’s logo could be on it.
