
Friday Night Picks: Film, Television and Good Reads

Petri's Film Pick:

Hey there! I'd like to share a powerful & delightful film called **'Including Samuel'** by documentary filmmaker **Dan Habib**. It follows the journey of Dan's son, Samuel, who has CP, as he navigates the school system. I had the privilege of meeting Dan at a conference a few weeks ago and he's a dynamic storyteller. [Here's a link](#) about the film that is available on Amazon. Hope you enjoy it!

Erica's Television Pick:

Hello, Friends! I recommend watching the show [The Good Doctor](#). The main character, Shaun Murphy, is a young autistic surgeon who has savant syndrome. Having survived a troubled childhood, Shaun is alone in the world and unable to personally connect with those around him. But he finds his niche using his extraordinary medical skill and intuition to save lives and challenge the skepticism of his colleagues. Enjoy!

Got a **Friday Night Picks** suggestion for us to consider including in a future publication of **Schoolhouse News**? Email Erica your suggestion and why you recommend it!
