The Arc of Aurora has been changing lives for more than 45 years and is a private not-for-profit 501(c)(3) organization dedicated to supporting and advocating for people with intellectual and developmental disabilities (IDD) and their families.

We are a membership association that provides individual and systems change advocacy through information and referral; community education; and individual, family and class support for and with people with I/DD and their families. Your contribution helps make the advocacy you and many others rely on available when it is needed.
