

# Albert "Ray" Massey Park

Completed improvements to baseball fields and parking area

## Ballfields & drainage

- Drainage improvements included elevating dugout areas on the north side of the ballfields
- Sodded the ballfields with performance turf, sod and seeded the disturbed areas
- Installed aluminum ramps to the scorer's platform and constructed a new ADA accessible viewing area over field 1

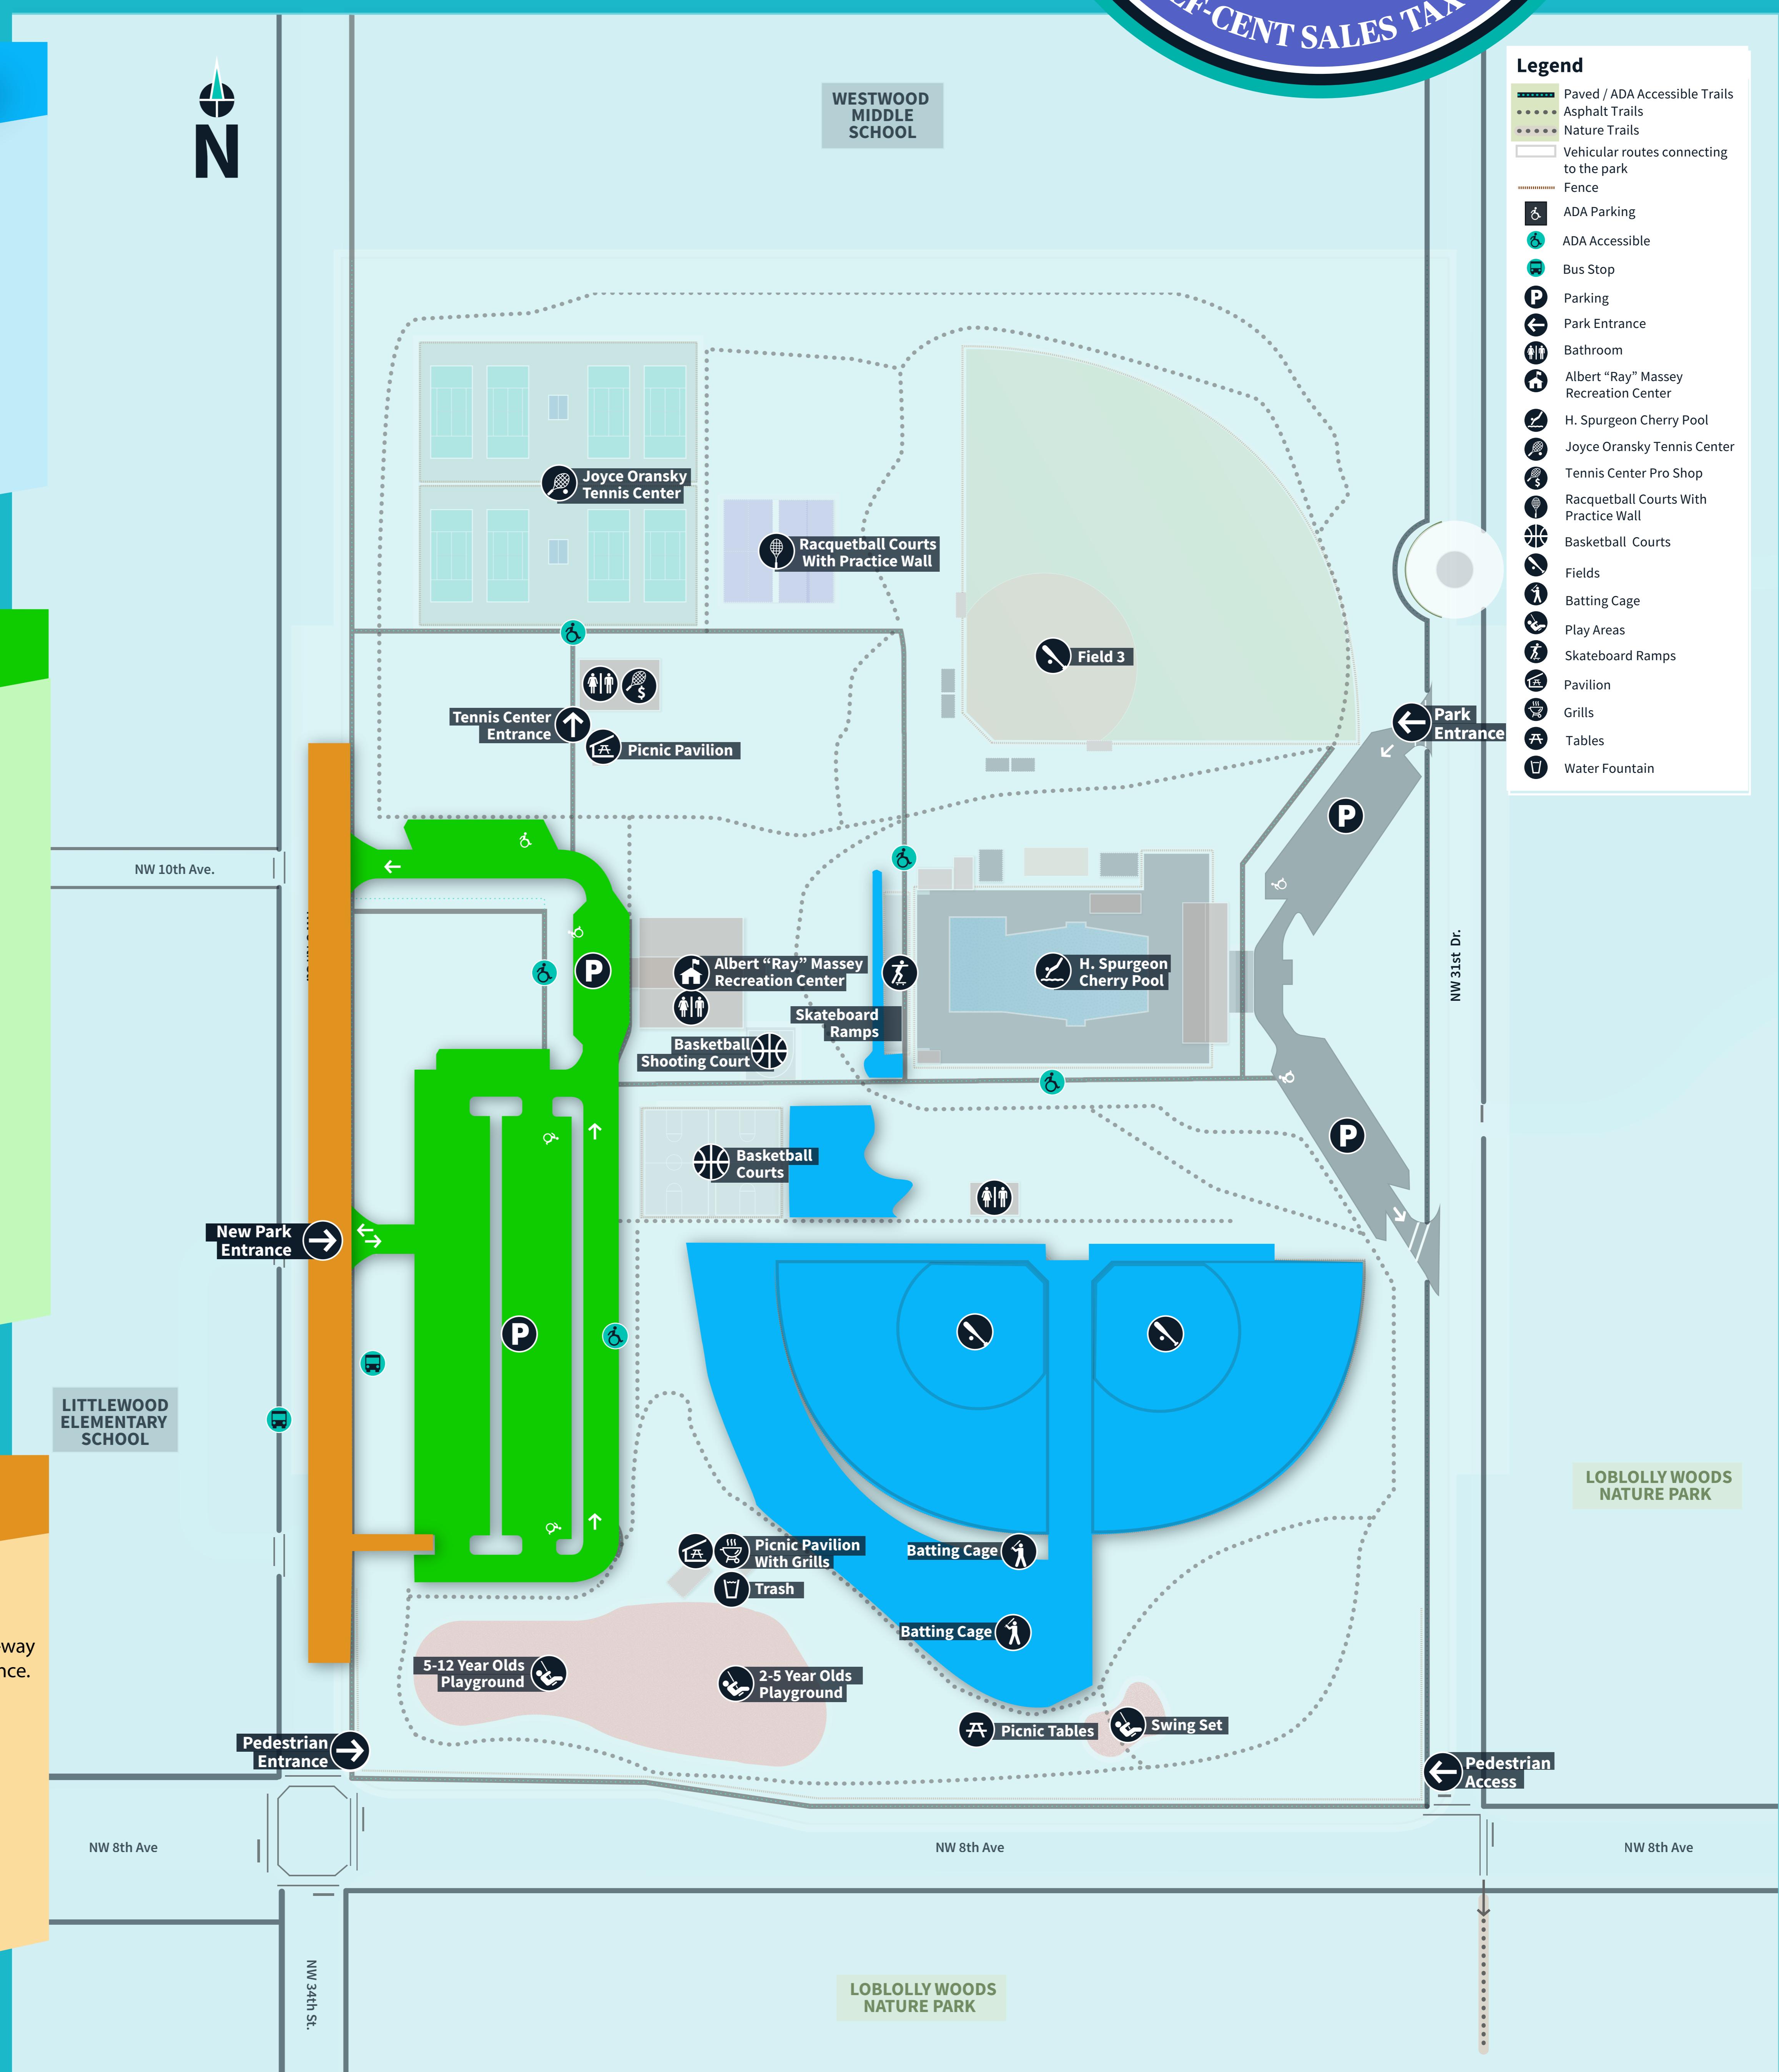

## Parking area

- Created a new entrance drive
- Repaired all root damage to asphalt and curbs
- Replaced the park's main waterline
- Created parking by the tennis courts
- Created a bus pullout area
- Constructed new curb and gutter
- Replaced damaged sections of existing curb and gutter
- Increased ADA accessible parking
- Milled old asphalt and repaved
- Constructed new ADA ramps
- Added a retention/drainage area
- Restriped
- Installed signs

## Right-of-way

Note: The Public Works Department funded the right-of-way improvements needed for the new NW 34th street entrance.

- Demolished existing drive
- Constructed new curb on NW 34th St.
- Right-of-way restoration
- Demo of existing striping on NW 34th St./SR 121
- Restriped NW 34th St./SR 121
