

The Role of Stigma for Pregnant and Parenting Women in Addiction and Recovery

Provided by Central Jersey Family Health Consortium

On Demand Webinar – 1 hour

**Deena Cohen, BA, CADC, WTS and
Roseann Cervelli, MS, LCADC, CCS, CP**

Our speakers will discuss the role of stigma in addiction and addiction recovery. What providers need to understand about stigma, stigmatizing language and how healthcare professionals can successfully lead women to treatment, healing and recovery by starting with compassion.

The Role of Stigma for Pregnant and Parenting Women in Addiction and Recovery

On Demand Webinar – 1 hour

Presenters

Deena Cohen, BA, CADC, WTS, CTTS

Deena Cohen is currently working on her master's in public administration. She is a Certified Alcohol and Drug Counselor, Women's Treatment Specialist and Certified Tobacco Treatment Specialist. Deena has been with the Central Jersey Family Health Consortium for 10 years as a Perinatal Addiction Specialist and is dedicated to the community that she serves and is passionate about educating the health care community regarding pregnancy and opioid use disorders.

Roseann Cervelli, MS, LCADC, CCS, CP

Roseann Cervelli is a licensed LCADC, a certified prevention specialist and a certified clinical supervisor. She also holds a certificate as an FAS/FASD educator. A former elementary school teacher with a Masters in Special Education, she has been in the field of addictions for approximately 34 years. Roseann truly believes Compassion is the way to heal Stigma...and the healing of Stigma can truly open the pathway for women to achieve a shame-free, healthy, safe and empowering recovery- physically, mentally, emotionally and spiritually.

Target Audience

Nurses and other health professionals working in perinatal settings, mental health and recovery and treatment settings

Learning Outcome

At the conclusion of the webinar, participants will self-report knowledge gain related to the negative impact of stigma for women in recovery from addiction.
