

Getting to Know ACC St. Louis Board Member, Pamela Howlett

Title: VP, Associate General Counsel; Regulatory, Public Affairs & Sustainability

Company: Bayer U.S. Crop Science

In current position for: Three Years

Law School: Washington University in St. Louis

Undergrad: University of Chicago

- 1. If I was not an attorney I would be:** A writer, in part because my mom told me so.
- 2. My hobbies are:** Gardening, hiking, reading mysteries.
- 3. When I want to relax I:** Paint a bedroom.
- 4. My music playlist is dominated by:** 90's alternative, 80's pop, and recently 70's classics. And I cannot forget 90's country, Mark Chesnutt in particular.
- 5. My food guilty pleasure is:** Cupcakes with triple frosting.
- 6. My favorite family vacation was:** The trip to Colorado, other than the horseback ride up the side of a mountain. At least my stepdaughters enjoyed that.
- 7. My favorite type of book to read for pleasure is:** Mysteries and some general fiction. My favorite writers are those that do "place" well – I don't mind an improbable story line if I can visualize the location. I have planned vacations based on some of my favorite books.
- 8. I became involved with ACC St. Louis because:** I am passionate about helping people make connections. I am particularly fond of helping law students understand what career options they may have and meet people they can network with as they move through their careers. Because of that, I am a big fan of the Law School Relations Committee.
- 9. I think the real value our members get from involvement with ACC is:** Getting to know the St. Louis legal community and excellent access to learning opportunities.
- 10. My advice to attorneys new to the in-house status is:** Come network with us: you will certainly find someone with common questions, challenges and experiences.

11. The best way to get more involved with the ACC St. Louis Chapter is: Read the newsletters, come to the great events, and talk to members you have never met. Everyone is extremely nice and welcoming.
